Local Intelligence.

☞ At a Cricket Match between the Oakville and Toronto Clubs, the latter were badly beaten.

☞ The Cholera is raging in England, there were 1053 deaths from it in London last week.

☞ A Sociale for the benefit of the Episcopal Church will be held on Thursday next, in the Orange Hall, to be given by Mrs. Holgate and Mrs Tremayne.

☞ The Messrs. Lyon of Milton, have always been famous for their choice selection of teas. See Advertisement.

☞ Mr. White of Kilbride understands the true secret of business success. Keep a good article and let people know you have it. Great Bargains may be had at Kilbride.

Acton Pic-Nic.

We publish two accounts of the Acton pic-nic to show the lights and shadows.—One correspondent writes in a carping strain as if he had been mittened by "Betsy Jane," the other wrote as the successful wooer.

☞ Oil in small quantities has been brought up by the pump at the Carlisle well, but not being in paying quantities drilling has been resumed. The Stockholders are resolved to go a great depth rather than abandon the well.

The Chinguacousy well is offered for sale, having fallen through for want of funds.

New Firm.

Mr. Willmott, Druggist and Dentist, has taken into partnership, Mr. J. B. Magurn so favourably known to this community as Mr. Willmott's former assistant. Mr. Magurn is a practical and experienced Chemist and Druggist, and the public may have every confidence in his skill.

Milton Petroleum Co.

The general meeting on Tuesday was well attended and the feeling was strongly in favor of forfeiting the shares of those who were keeping back their payments. It was decided that a by-law should be passed by the directors for that purpose, naming a day on which these Shares shall be forfeited; we hope therefore that they will be paid immediately. Owing to the repairing of some of the tools, drilling has been suspended during last week but is now resumed. The indications continue good

Oakville Jewelry.

Mr. A. Matthews of Oakville keeps constantly on hand a large and well assorted stock of fancy goods, Jewelry and Watches, which he sells very cheap. We have on our table a specimen of the Burglar's alarm, which he sells at $1,50, the general price being $2,.0. It is a small cannon about the size of a pen knife, it may be fastened to a door by means of a screw attached, and the opening of the door causes a spring to descend on the cap and the explosion takes place. If Mr. Matthews had fastened one of these at his barn door, when Nevins Jones and some other gentlemen were so kindly taking his produce, there would have been proof marks left sufficient to have identified the burglars.

Circus.

Monday was a wet disagreeable day, but notwithstanding the circus was largely attended, as the farming community could do nothing at home. The horsemanship was not good on account of the soft track, but the gymnastics were the best we ever saw and the performance gave general satisfaction. We observed several swindling affairs going on outside, all largely patronized.—We are surprised that any one should be so verdant as to expect to win money at any game these scoundrels get up, as they are got up by unprincipled men for the purpose of earning their bread. They are bound to win either by skill or by cheating, and he is a fool and a knave who stands playing on the street corners with them. Another man who was arrested as a swindler in Hamilton, auctioned off watches and jewellery, and several were bitten by him.

Town Council.

A meeting of this body took place last night. Present, the Mayor, McKindsey, McGuffin, Bastedo, McCallum, Dewar, Crooker, R A. Lyon, and Smith. The Session was long and lively reminding one of the stirring times of last Fall. Mr. McCallum objected to adopting the report of the Court of Revision, on the grounds that the appeals had been dismissed without a hearing. To this Mr. Dewar replied that the appeals were not put in in proper time, and that the Court were prevented by statute from considering them, Mr. McCallum stated that he had appealed on the day he had received his notice from the assessor. The report was adopted.

Mr. McCallum tendered his resignation as member of the streets and sidewalks committee, which was not accepted. The Finance Committee presented their report, which we will publish entire next week, showing the grounds on which they required to raise the rate to 16 cents in the dollar. After a discussion, it was adopted, Messrs. McCallum, Bastedo and Crooker voting nay. A second Finance report was then adopted, passing a number of accounts

The Fowler Case.

We could not refer to this case again were we not requested to give the resolution of Conference in reference to him. It is as follows:

"That the Conference, having examined the charges and rumors respecting the case of the Rev. J. H. Fowler, regrets exceedingly the indiscretion he has committed, but, as there is no evidence of criminal intention before the Conference, the Conference would impute none; at the same time we would desire Bro. Fowler to regard this resolution as an expression of our strong disapprobation of this act, and of admonition to be more watchful of his conduct in the future."

As the Conference went by the evidence before them, which they regarded as insufficient, we are bound to suppose one of two things either that the Circuit neglected to forward the whole evidence, or that the Conference are hard to convince. There is no use disguising the fact that an injury has been done to the cause of religion by glossing over such an offence and that they would place themselves in a better position by a thorough investigation into the matter which we are happy to learn they are about to do.

Committments.

The committments to the County Jail have been as follows:

On the 9th ult., Francis Burnett of Esquesing, an insane person, for whom application has been made for admission into the Toronto Asylum. He is a very harmless looking person. On the 13th inst a negro named John Hatton from Oakville, was committed by C. H. Moore and R. Balmer Esqs., for stealing $20 from Mr. Oliver Buck. Cuffy admits taking ten dollars. A woman named Mary Jones was committed on Monday last by Messrs. Switzer and Crooks of Palermo for stealing a dress from Mr. Wilkinson, of the Street.

The Prison Inspector, O'Neil, visited the Jail yesterday, and while acknowledging the great cleanliness and order of the Establishment, he condemns the building as insufficient for the purposes of prison discipline and criminal reform.

Flax Competition.

We are indebted to the kindness of H. M. Switzer, Esq., for a copy of the following report of the Committee to adjudge the prizes on flax in Trafalgar:—

DEAR SIR,—Under the special appointment of the Trafalgar Agricultural Association, to award the "Gooderham and Worts" prize money, for the 1st, 2nd, 3rd and 4th, best samples of Flax, two acres and upwards, grown in the Township of Trafalgar this year.

We beg to advise you that on Monday the 25th ult., we made a very careful examination of the following samples, growing in the field, the property of the respective parties named in connection therewith, who entered as competitors, for the prizes to be awarded.

1. S Grennis,	Lot No.	12d	Con.,	S. D. S.
2. D. Snyder,	"	6,	"	N. D. S.
3. A. Coyne,	"	15,	"	"
4. B. Tuck,	"	10,	6th Con.	"
5 R. Hemstreet,	"	11,	"	"
6. W. C. Beaty,	"	7,	5th Con.	"
7. J. C. Earles,	"	5,	6th "	"
8. W. Beatty,	"	4,	5th "	"
9 Levi Willson,	"	4,	2nd "	"

and we are quite agreed to award the Prizes as follows, that is to say:—

1st prize,	No. 3	A. Coyne,	Lot 15,	2d Con.
2nd "	"	7 J C. Earles,	" 5,	6th "
3rd "	"	6 W. C. Beaty,	" 7,	5th "
4th "	"	1 S. Grennis,	" 1,	2nd "

We must remark that the general appearance of the Flax examined by us was very good, though it suffered much from the effects of the severe storms, that prevailed in July. We are of the opinion that there is a very considerable portion of the Township of Trafalgar, that is well adapted for the growth of Flax and with a little more care on the part of Farmers in the selection and cultivation of the soil, used for that purpose the yield can be materially increased, and the quality much improved.

We remain, dear sir,
your obedient servants,
W. F. ROMAIN,
P. A. McDOUGALL.

Base Ball.

According to announcement a match of the Milton and Georgetown Base Ball Clubs, was played on the Court House Square, Milton, on Monday last, which resulted in the Milton Club winning by a majority of 70 runs. Although the weather was very unfavourable in consequence of the rain, yet the contest was keen and spirited, both clubs doing their best. The game began about 2 o'clock P. M. and lasted till 4 P. M. The Captain for Georgetown was Wm. Stewart, and for Milton D. McGibbon. The scoring on both sides was as follows:

At the conclusion of the match, the Georgetown Club, nothing daunted by their failure, challenged the Milton Club, to play for $10 a side, the challange was promptly accepted and $1.00 put up on each side to bind the bet. Match to take place on Saturday the 25th inst, at Georgetown.

AN IMPORTANT TRADE.—Few people are aware of the enormous quantity of butter which annually finds a market in Chatham. Last week Mr. McCrossan, of the Montreal House, shipped 210 firkins, containing 7½ tons of butter, direct to Liverpool, and before the end of the season, will send another shipment of four or five tons. Although Mr. McCrossman is the heaviest dealer, there are quite a number of others engaged in the butter trade, so that we think it a safe estimate to place the export of butter in this market at 30 or 35 tons annually, besides the large quantity sold for home consumption. With a half dozen cheese factories the dairy products of the county might be largely increased.—Chatham "Banner."

ATLANTIC CABLE CELEBRATION.—The residents of Wellington Square celebrated the successful laying of the Atlantic cable, on Monday evening, by a grand pyrotechnical display. The principal street was illuminated, and, while a large number of fireworks were discharged on the land, the waters of the lake were lit up by the fiery hail of Roman candles, &c., which were let off from several skiffs. A boat lying off the warf, with a small party on board, fired salutes during the evening.—Spectator.
