10-23-13 Petition for County Assistance in Improving the NCFL fields and grounds

North County Football League urges the Montgomery County Commissioner to offer assistance in improving the NCFL fields. The NCFL fields need lights, running water, bathrooms and concessions. The NCFL is a community non-profit organization established in the year 2009. Our primary mission is the continued promotion and growth of youth football in our community. Our growth is extensive from approximately 250 players to now 450 players in only 4 years. The request for facilities is necessary in order to grow our youth and our league to create the athletes of tomorrow.
