Sportsmanship is being ethical, polite and treating the people that you play with and against as you'd like to be treated yourself.

Vision Statement

Lakeshore Sports Association aspires to be an outstanding hockey league. It promotes over all camaraderie as every member plays with a greater number of Team mates each year. Our league comprised of players 50 to 70 plus years old & each having a caliber (ranking) from 6 to 10 in our league. Our league also asks that consideration be given to the weaker players you are challenging on the ice during a game.
One must always keep in mind that our league was established not to be highly competitive but rather to provide to all its members a fun game with some form of exercise, friendship, & social gathering.
