CAMP

Your son will have individual instruction and drills taught by top area Texas high school baseball coaches and graduate players. We are excited about teaching and coaching baseball skills and drills with your son. Our camps have grown in numbers each year and the public has given us outstanding reviews. Through group and individual instruction, players will learn the fundamentals of throwing, fielding and batting, plus primary strategies for playing the game. Most importantly, individual attention will be given to each participant.

This year we will be implementing an afternoon sessions for players 11-15 years. These sessions are geared to provide more detail and incite on the specialized areas than can be given during the General Session. It would be very beneficial for advanced players to attend both morning and afternoon sessions to receive as many repetitions as possible. Please remember to register as soon as possible!!!!!!
