

Kroger Gift Card Reward Program

You can help the Baseball Boosters earn money just by using a Kroger gift card purchased from the Boosters. You won't spend a penny more than you normally would. Every time you reload your Kroger gift card from the Baseball Boosters, Kroger will donate **4%** of that amount to the baseball program. That means for every \$5000 loaded onto all the cards, the Boosters earn \$200!

It's easy...

- » Purchase a Kroger gift card from the Baseball Boosters for \$1.00. Cards are pre-loaded with \$1.00.
- » Load your card at the Customer Service desk or at the Register BEFORE you buy your groceries.
- » You can use cash, check, debit card, or a major credit card to load your gift card.
- » Pay for your purchases using your gift card.
- » When the money runs out on the card, reload the card.

For more information or to buy extra Kroger gift cards for \$1, email ectrojanbaseballkrogercard@yahoo.com or call Laura Soos at 513.205.7995

Tips on using you Kroger Gift Card:

- » Loading your card is a separate transaction from paying for your groceries.
- » Load your Kroger gift card at the register or the Customer Service desk **BEFORE** your purchases are scanned.
- » If you load your card at the Customer Service desk, it takes 5 minutes for the loaded amount to show up on the checkout register.
- » You can use cash, check, debit card or major credit card to load your gift card.
- » Keep reusing the gift card and re-loading it.
- » You still use your Kroger Plus Card for discounts, as well as to earn Fuel Points. Use of the Baseball Boosters card does not affect your Kroger Plus Card.
- » If you put more money on the card than your grocery bill, the balance will carry over for your next transaction.

- » If you do not put enough on your card to cover the cost of your purchases, just use cash, check, credit or debit to pay the balance.
- » The balance on your card will be displayed on your receipt; you can also obtain your balance at the register, at the Customer Service Desk, or by calling 866.822.6252
- » If your card is lost or misplaced, you will lose any balance that is on it.
- » The card becomes null and void after 90 days with a \$0 balance.
- » The card is accepted in all Kroger Affiliated stores throughout the U.S.
- » When the use of Baseball Booster-sponsored cards reaches \$5,000 of reloads in a four-week cycle, the Baseball Boosters will receive a check for \$200.
- » If the Baseball Boosters don't reach \$5,000, the money will carry over to the next 4-week cycle.
- » The more you reload your card, the more the Baseball Boosters (and the baseball team) earn!

**THANKS
FOR YOUR
SUPPORT!!!**
