

Seymour Baseball Club Pitching Clinic

1st Annual Pitching Clinic @ SMS March 3rd & March 10th

Coach Richey has put together some of the best pitchers in Seymour High School history for this First Annual Pitching Clinic. The instructors selected to work at this camp have a wealth of baseball knowledge, good work ethic, and a genuine love for the game. The instructors here have experience from the high school ranks on up to the minor league level. It is the purpose of the Seymour Baseball Club Pitching Clinic to make sure that each camper has the opportunity to learn baseball fundamentals from the finest available instructors. Each one of the instructors were former Owl's pitchers.

The Seymour Baseball Program is coming off one of its finest seasons in recent history. The Owls were 21-5 and their pitching staff broke numerous school records including shutouts in a season. They will return two pitchers that threw significant innings. Zack Brown was 4-2 on the mound with a 1.66 ERA. And Billy Rayburn was 5-1 with a 1.12 ERA. The Owls also have several former players pitching at the college level.

Seymour High School Baseball prides itself on offering its campers the hands on personal attention a student deserves. The only requirement is that the campers have a desire to learn, and a will to develop into the very best pitcher they can possibly be.
