

Seymour QB Technique Clinic

The Seymour QB Technique Clinic is designed for young men who are **SERIOUS** about competing at the Quarterback position. The clinic is open to Quarterbacks entering grades 3-12 for the coming fall. We will focus on the specific mechanics required for quarterback play in both the passing game and the running game. Each participant will be exposed to drills that emphasize proper technique and mechanics required to play the Quarterback position. Specific emphasis on footwork, arm position and eyes will dominate the focus of this camp. In addition, each participant will be filmed, critiqued, and then evaluated by the coaching staff during daily film sessions as part of the camp.
