I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parent. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).

STUDENT/PARENT CONCUSSION AWARENESS FORM

SCHOOL: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness

Nausea or vomiting

Blurred vision, sensitivity to light and sounds

Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments

Unexplained changes in behavior and personality

Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

c) It is mandatory that every coach in each GHSA sport participate in a free, online course on concussion management prepared by the NFHS and available at www.nfhslearn.com at least every two years – beginning with the 2015-2016 school year.

d) Each school will be responsible for monitoring the participation of its coaches in the concussion management course, and shall keep a record of those who participate.

AUTHORIZATION

I certify that the medical history on this form is complete and accurate. I understand that this will serve as the basis for determining that my child, _____, may compete in high school athletics in Barrow County Schools. I also understand that this medical evaluation is only to determine fitness for athletics and is not to take the place of regular medical examinations. In case of an emergency or accident on the school grounds or during any school activity involving my child, _____, which in the opinion of school authorities present requires immediate medical or surgical attention, I hereby grant permission to physicians, consulting physicians, athletic trainers, emergency medical technicians, and other healthcare providers selected by school authorities to provide medical care and treatment (including hospitalization if deemed appropriate by school authorities or an appropriate healthcare provider) unless I am present and request otherwise or until I later request otherwise.

ATHLETIC CODE OF CONDUCT

Barrow County Public Schools' athletic programs are a great source of pride to our communities. Involvement in athletics helps students develop a better sense of responsibility, cooperation; self-discipline, self-confidence, and sportsmanship that will help serve them long after graduation. The lessons and values learned by participating on athletic teams last a lifetime.

All athletes are expected to abide by the highest standards of fair play and sportsmanship while on the court or field. We also have high expectations regarding behavior when the students are not engaged in athletic competitions. Students participating in Georgia High School Association extracurricular athletic activities act as representatives of Barrow County Public Schools. All students are expected to conduct themselves in such a manner as to meet the highest standards of the school system at all times.

The Athletic Code of Conduct is designed to establish high expectations and standards for all students participating in Georgia High School sanctioned athletic activities. The Code of Conduct also provides consistent consequences when violations occur. The consequences listed on the Code of Conduct are minimum standards. The schools can set consequences over and above those listed on the Code of Conduct.

I have read the Barrow County Athletic Code of Conduct in the Discipline Handbook and I understand the potential consequences that go along with violating the Athletic Code of Conduct.
