Note: Record sacks separately from other tackles for loss (use your discretion when it's the QB -- was it designed as a pass play or not?)

If two or more players are in on a sack or tackle for loss, each is credited with 1/2 (.5) and yards lost is divided between them to equal total yards lost on the play.

These tackles (and sacks) are to be included in the solo and assist figures in the first columns so they are INCLUDED in the TOTAL TACKLES.
