

# 2 nationally recognized Girls clubs join forces

Belle Tire and Victory Honda executives have announced that they will combine forces to create Team Detroit Girls in 2013.

Team Detroit will field teams at the 10U, 12U, 14U, 16U and 19U age groups skating out of the Taylor Sportsplex, Viking Arena in Hazel Park and the Canton Arctic Edge.

"The combination of these two nationally recognized programs will provide unique opportunities that other programs will not be able to offer," said John Kay, Belle Tire's Director of Hockey.

"We have access to specialized training for all age groups including Kim Muir (Can't Skate, Can't Play), Cary Krug (Next Level Player Development) and Mike Vigilante (Vigilante Hockey Camps).

"Mike will continue to coach our 19U girls."

"By combining our programs, Team Detroit will now have the largest Tier 1 Girls program in the state of Michigan," said Bill Smith, governor of Victory Honda's hockey program. "We believe this will allow the girls to develop within the program without having to change associations as they progress through the age groups. We are excited to communicate this to the girls hockey community."

For more information on Team Detroit's current tryout schedule, see the ad on this page.

# TEAM DETROIT

sponsored by
