

Team Detroit Girls 16U AAA

Team Detroit Hockey Club Mission Statement

Belle Tire and Victory Honda Hockey Associations have joined forces, at the girls AAA level, to put the best product on the ice that the Detroit area has to offer.

The teams will compete in the Tier One Elite Hockey League at the 10U, 12U, 14U, 16U and 19U Tier I levels. Our Mission is to provide a fun safe and competitive environment for Youth Hockey in Michigan.

Team Detroit Girls Hockey Club Mission Statement

The Team Detroit Girls Hockey program (sponsored by Belle Tire & Victory Honda) is committed to helping female hockey players develop as athletes, leaders, and members of society through a competitive hockey environment that instills life values such as teamwork, sportsmanship, a consistent work ethic, and respect for self and others.

At Team Detroit your daughter's development will not only focus on what she does on the ice, but will also concentrate on the importance of:

- * Prioritizing academics
- * Nutrition
- * Mental preparation
- * Physical conditioning
- * Off ice skill development

The hockey program is based on the belief that the development of a hockey player integrates physical, mental, and tactical training while continuing to develop a strong skill base for each player.

**The Team Detroit 16U Coaching Staff's
"Cornerstone to Success"**

Hockey: A Team sport interwoven with individual memories, accomplishments and personal experiences that will last a lifetime

Vision: This is a journey for a group of players and coaches who come together with a very clear vision: "to play with heart, desire and determination". "To be the very best we can be". And, most importantly, win or lose, to play as a Team, Never Give Up, and always give 100% on and off the ice!

Measuring Success: This team's success will never be measured strictly in terms of wins and losses. Instead, this team will measure success in terms of something much more meaningful. In additions to wins and losses, things like playing with heart and desire, having a strong work ethic, a positive attitude, team spirit, team unity and by an individual player's physical and emotional development will all be measurements of success.

Team Credo: A fundamental belief in the importance of "team", setting high goals, working hard, always striving to improve and never giving up, no matter what the circumstances.
