

# Hunter Virant – Class of 2012

**Year Graduated from ACHS:**

2012

**ACHS Baseball Coaches and Positions/Level played at ACHS:**

Played Varsity all 4 years under Head Coach Richard Jaquez while Coach Gonzalez was the pitching coach. Played Centerfield all 4 years and didn't start pitching until my Junior year.

**What have you been doing since graduation?**

After I graduated I went to UCLA to continue playing baseball. In 2013, won a national championship with the Bruins.

**Favorite Memory/Lessons Learned:**

I actually have two favorite memories:

- Throwing a perfect game against Rio Mesa my Junior year
- Pitching a 9 inning complete game my senior year against Oxnard.

**Advice for Current ACHS Scorpion Baseball Players:**

Always put in your full effort and do not take anything for granted because high school playing days are some of the most fun times and you'll make a ton of memories you'll cherish.

Make sure you're giving everything you've got at practice and in games and make sure you don't take school lightly. Make good study habits and don't fall into bad habits in the classroom. Don't take it for granted because the higher levels only get harder from here on.

**Anything else you want to share:**

Camarillo Baseball was a great memory of my life and is something I will always cherish. The memories and friendships I will never forget, and it strengthened my love for the game of baseball.

***There are three types of baseball players: Those who make it happen, those who watch it happen and those who wonder what happens. – Tommy Lasorda***
