Re: Donation to Silent Auction

Dear Community Business Owner,

"More than meets the eye."

This simple phrase describes Chugiak Mustangs Baseball. From February to May, our program helps Chugiak High School athletes advance their skills and improve their physical fitness through hard work, team building, and perseverance. But that's just part of the story. Our players are mentored by dedicated volunteer coaches, experience other Alaskan communities through team travel, and build strong, lasting friendships during hundreds of hours of practice and play. Alaska High School baseball provides a unique learning experience, one that builds skills for life.

We need your help to keep the program strong. Baseball is one of just two high school sports NOT sponsored by the Anchorage School District. To cover basic team costs, player fees are more than double that of other sports. Fundraising helps to keep these costs as low as possible, and insures that all players can participate regardless of their ability to pay.

On Saturday, March 3, we will hold our annual Beer & Wine Tasting fundraiser. We invite our community to enjoy a selection of spirits and participate in a silent auction at Jitters. Proceeds help to defray the essential costs of facilities use, insurance, equipment, and travel.

I am writing to ask you for a gift to our silent auction. The event will feature goods and services generously donated by local businesses. We are grateful for any item you can provide, and we can pick up the donation at your convenience. Cash donations to the program are also gratefully accepted. Once your donation has been received, we will send you a receipt for tax purposes. Donations to Chugiak Mustangs Baseball are tax deductible.

Thank you for your consideration. Go Mustangs!
