INSIDE THIS ISSUE:

Special points of interest:

- This past Friday (1/24) marked the end of the 6 weeks. We only have 3 weeks to push as many Timberwolves into the A/B and All A honor roll.
- BSN Team store closes Monday (1/27). Make sure to get any orders in before then.

TIMBERWOLVES ARE FULL STEAM AHEAD!

We were able to put in another solid week of work this week. I want to start by commending our players for being resilient in the face of the challenge of having to practice all over the greater Cedar Park area. Our guys went out and worked every day, regardless of the practice field situation. We, as a coaching staff, tried to be creative in our practice planning to make sure we are maximizing every minute we can get. I also want to send out another thank you to Lowell Galindo for allowing our players to train at his facility, Hitforth. His staff did a great job with our players, and we are definitely better after that training session.

As we move into this week, I want to go ahead and let everyone know that due to the rain we received today, along with the

predicted rain for the coming days, we have already booked practice time at D-Bat for Monday (1/27), Tuesday (1/28), and Wednesday (1/29). We are going to hold off on booking additional dates so that we can monitor the weather and see if there's time to get out on a field. In order to maximize our practice time with the limited space at D-Bat, we will have our players split into two groups. Again, this is not an indication of what team anyone is on. We are going to try and get some live hitting vs. live pitching in this week as we prepare to scrimmage against Vandegrift HS this weekend.

With the scrimmage this weekend and the potential rain we may receive, please make sure to stay up to date with SportsYou, as it's the best way for me to get information out to everyone.

-Coach Huffman

TUTORIALS TO BEGIN THIS WEEK

As a program, we always make sure that we place academics at the forefront of what we do. With that in mind, we are going to begin assigning tutorials to our players who are falling behind on their grades. We waited to begin our tutorials this week to allow teachers time to input grades and also due to the short, hectic week last week.

This is what our academic plan looks like: Any player who has below a 75 in a class at the beginning of a week will be assigned to attend two tutorial sessions with their teachers that week. We set the mark at 75 to ensure we limit the chance of any surprises at the end of the 6-week grading period. This means two tutorial sessions in total, not two per class. These tutorial sessions will need to be completed before school, during Den period, or at any times that do not affect practice attendance. I will provide the players with a tutorial slip.
