NOTES/COMMENTS: The boosters have agreed to cover some of the cost of the off-season training program.

- **Coaches Update-**

NOTES/COMMENTS: No specific requests at this time. A few small requests have been approved over the summer for supplies.

- **Uniform Pants-**

- Varsity- new uniform w/ pinstripe pants. Depending on the qty ordered by the AD. Should the boosters consider purchasing extra?

NOTES/COMMENTS: The athletic department is ordering pants for varsity, and middle school teams. After reviewing quantities with the coaching staff there is not a need for the boosters to purchase additional pants at this time.

- **Feedback from the 2021-2022 Season-**

NOTES/COMMENTS:

- Brainstorm ideas to improve attendance for senior recognition night
- Consider making banquet presentation longer to include personal recognition of each senior & include more about the JV team
- Having Coach Sabo encourage the boys to take pictures together at other schools events and posting them was appreciated.
- Field Situation at NAI & IMS was frustrating and not upto the standards of our program.
  - The management of field maintenance will be done by the athletic department for the upcoming season.
- Middle School players feel disconnected from the program
  - The boosters will brainstorm ideas to make the program feel more inclusive.
- Transportation challenges- this is not a booster issue
