

Board Meeting 7/31/2023 starting at 6:15pm at Varland Park.

Attendees: Nick Stevenson, Nick Spence, Alex, Matt, Ryan, Shelly D, Darren and Heather.

Old Business:

The board discussed wrapping up the season and discussing how the season went. There was a discussion about creating a parent survey in hopes of helping with retention. A discussion was also had about the rules that we in force for instructional this year and possibly changing a few things. These items include keeping score, start kid pitch sooner and sticking to stricter pitch count (50 a game/max 3 games a week).

When the board discussed keeping score for the instructional league the issue of the non-working scoreboards on the small diamond was brought up. Darren stated that getting the larger score board working is a very large project. Matt said that the smaller scoreboard is working and that all that it needs is new bulbs. Using the small score board on that field will be a temporary solution until the larger board can be fixed.

Heather relayed a note from Erin that OYFL has already reached out to purchase our candy that we did not open/use. ONLL will keep some items for Fall Ball/Sandlot.

Nick Stevenson offered to run Fall Ball/Sandlot this year. We will keep the price the same at \$20 per player. Nick is waiting until the Soccer schedule is released so that he can create a schedule based off of that. OSC should be posting their schedule this week.

Darren relayed that the city has promised a new press box for the large diamond. Darren will be taking over Junior ball for Mike.

Batting cages will remain up until after fall ball/Sandlot.

Matt and Shelly D. will be getting together on August 13th at 10:00 to pull out all the equipment and go through what will need replaced for next year. Any board member is invited to come and help. Shelly D. will also be getting some quotes for the equipment that will need to be replaced.

The board member dinner is tentatively scheduled for September 10th.

The voting for new/existing board members will take place on

September 25th at 6pm at Varland Park. Safety coordinator and Vice President are main roles that will need filled. Seeking an additional board member for extra help within the duties of a board member was also discussed.

The next board meeting is scheduled for August 28th at 6pm at Varland.

Meeting adjourned at 7:00pm.
