THUNDER

PROGRAM

OUR PROGRAM

The Thunder program is an all-inclusive program with a focus on player development and competing as a team for a National Canadian Championship at the 18u level. We also compete for Canadian titles at the 22u and Senior levels. Our season begins with tryouts in August/September each year, followed by a short, mostly local fall season. This framework allows players to have an offseason, where they are encouraged to be involved in other sports/athletics at club or high school levels. During the offseason, players are provided, and encouraged to follow a strength & conditioning program that gradually builds toward indoor workouts. Beginning in late February, the team will begin preseason indoor workouts to prepare for the upcoming baseball season. The 16u and 18u teams play in the Premier Baseball League of Ontario (PBLLO) which starts the first weekend in May.

THE SEASON

The 16U & 18U teams of our organization play in the Premier Baseball League of Ontario. Each age division (16u / 18u) is set up differently with anywhere from 8 - 10 teams at each age group. Teams can expect 24-28 regular season games played over 7 weekends in May and June. Additionally, expect two practices per week throughout the May to August outdoor season. Tournament season begins in July where each team will participate in a minimum of two U.S. tournaments and potentially in Ontario events as per the coaching staff's discretion. The PBLO championship weekend is held in late July. A unique part of the Thunder program is that our 16u team is eligible to compete in AAA OBA Provincials along with Eliminations at the 18u, and a chance at a Canadian National Championship.

PROGRAM EVENTS

We will be looking to host our first PBR Scout day this Spring, 2024.

Prep Baseball Report (PBR) will focus on our Thunder players and helping promote individuals on social media & metrics used for college recruitment. This is an optional event but highly encouraged at the Elite level.

OUR HOME

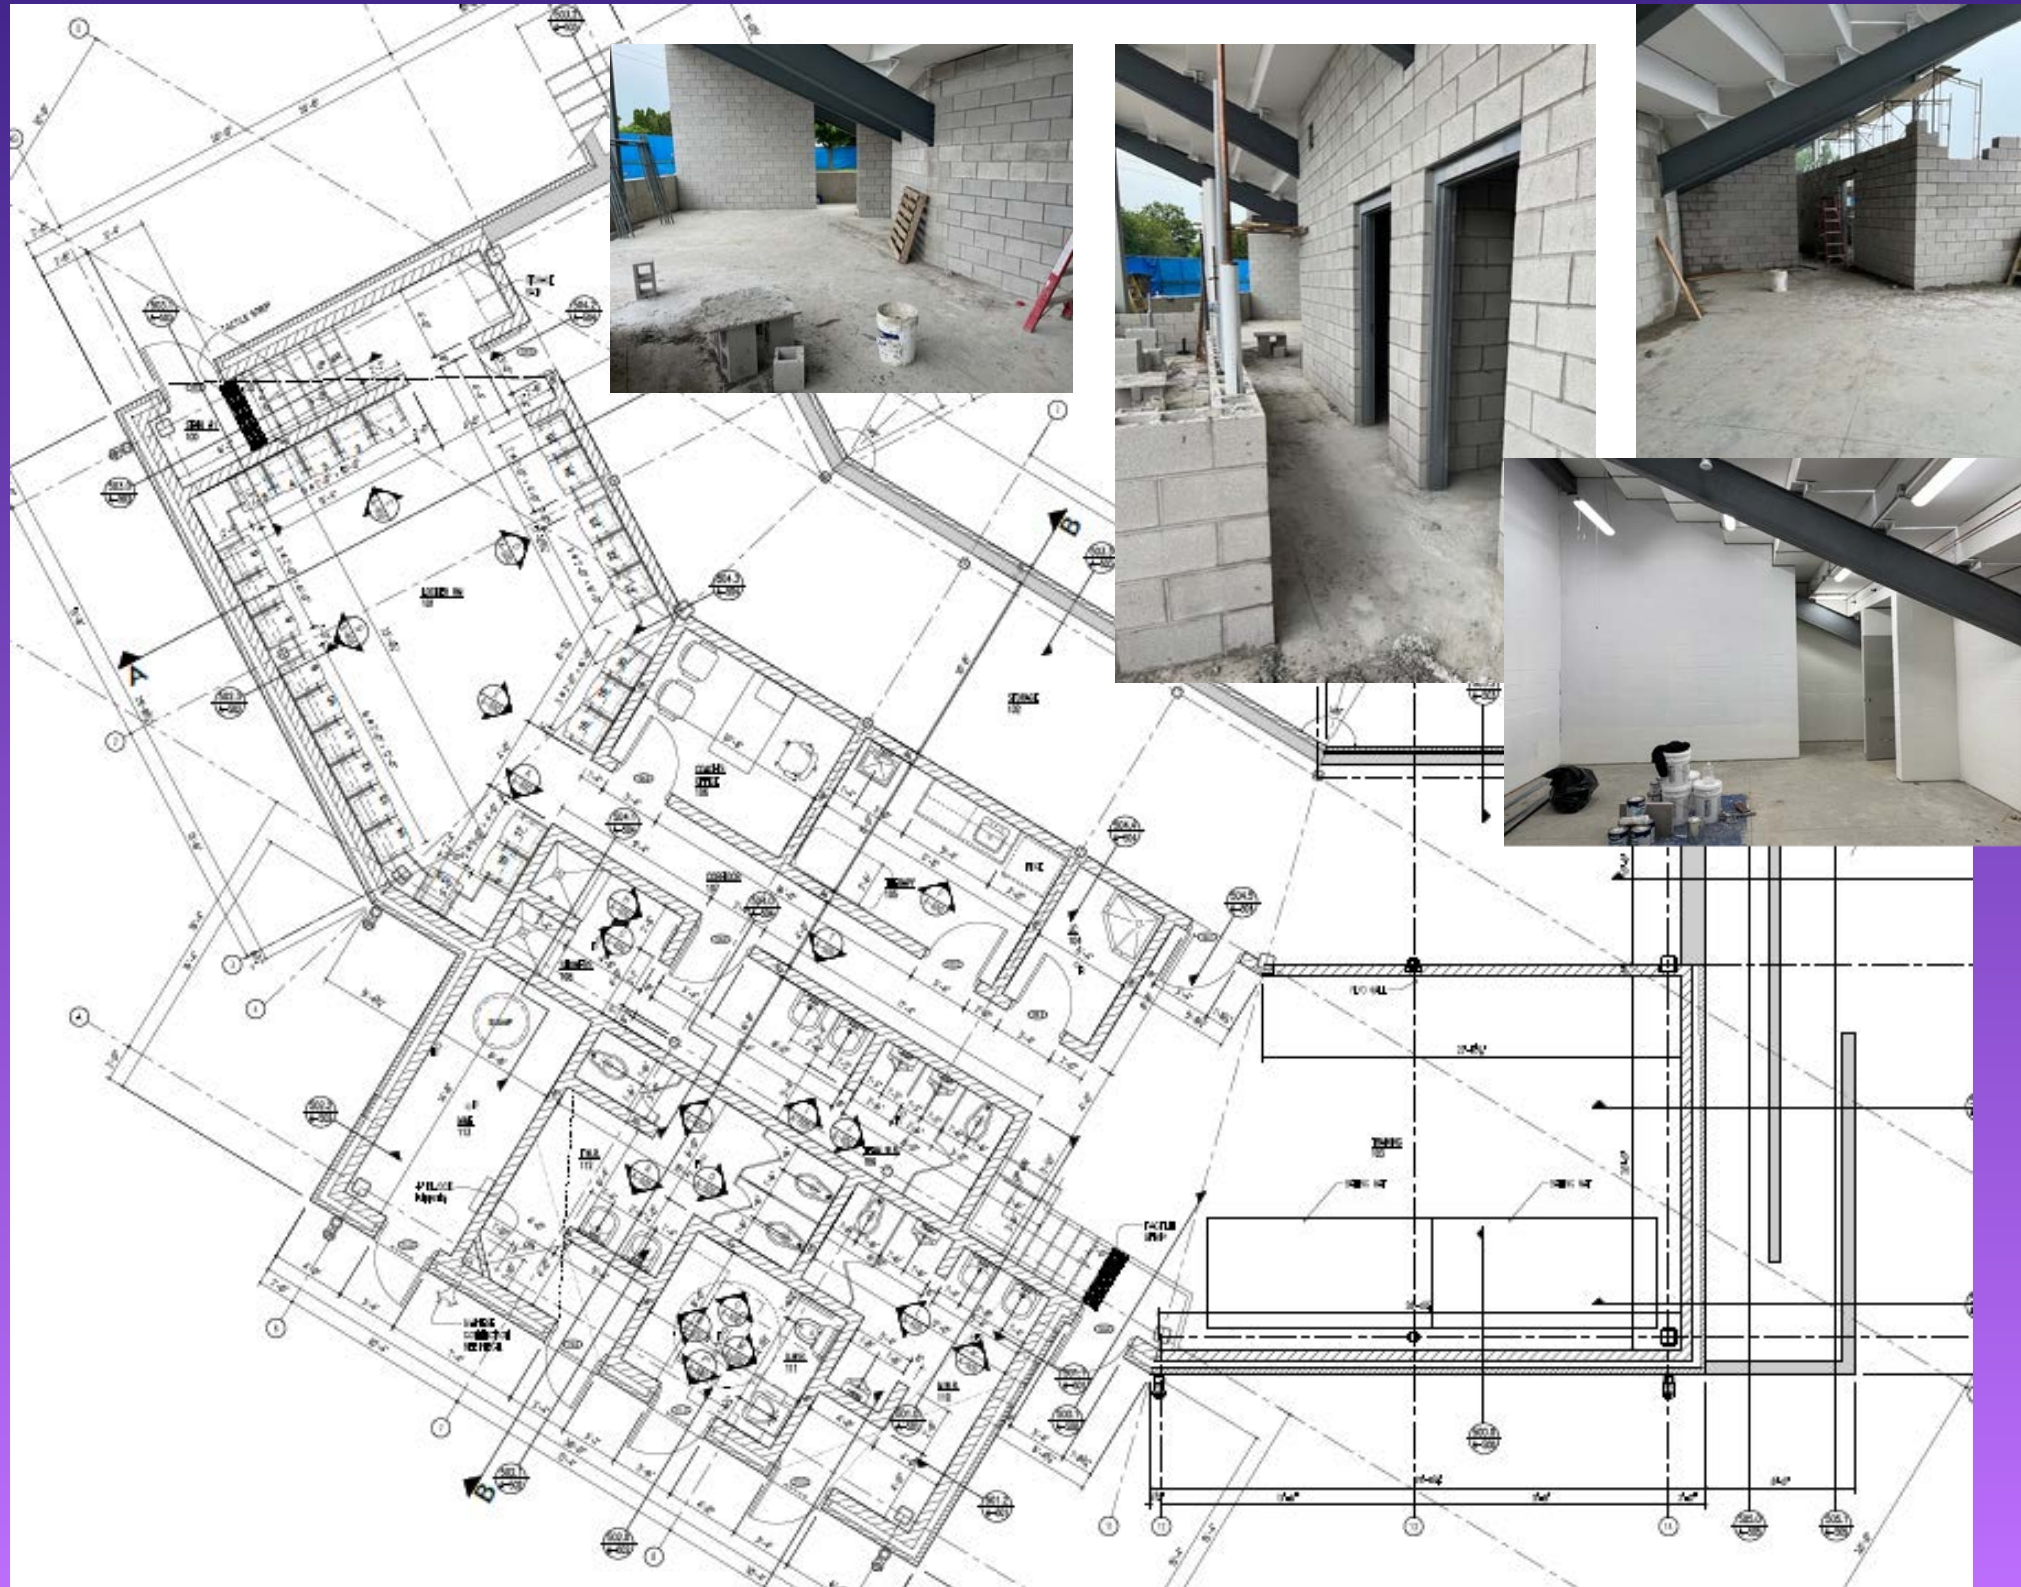

Another unique aspect in our program is that we have our own leased facility.

As primary users of Bert Lacasse Park, we are highly supported by the Town of Tecumseh and have full scheduling control of the ballpark.

Along with a NEW \$3 million grandstand, the TBC will have access to a new home locker room with individual stalls underneath the grandstands. Players will be steps away to what will be NEW modernized in-ground dugouts for the 2024 season.

Underneath there is also a full washroom with shower, physiotherapy room and training area for use prior to games. Hitting and plyo-wall stations in this training room can be used year round for all Thunder players. We envision this space to double as a classroom setting or even a players lounge. This space will be ready for the 2024 season to allow limitless opportunities for all. More to come when we reveal the new space in the new year!

PROGRAM COST

Our program continues to grow and we are proud that we can offer the best in development opportunities for our players at an affordable rate.
