SUMMER BASEBALL

The Grandview High School Summer program is designed for high school aged players who have a desire to improve their baseball skills over the summer months. The summer program emphasizes growth, development, conditioning and strength. Teams are coached by our Grandview coaching staff to help players pursue their goals through high level competition in June and July.

This program provides players with the opportunity to compete locally and regionally in nationally recognized events. Over the past few years, teams have traveled to Notre Dame, Oklahoma State, and Kansas University to participate in premier baseball tournaments. These events allow the players to showcase their abilities against the top talent in the county and in front of college and professional scouts. Typically, we travel 2-3 times during the summer to out-of-town tournaments.

Our teams will also compete locally against premier club and high school teams in tournament and league style formats.
