Dear:

With the AAU Basketball season right around the corner, the girls and boys in our program are currently gearing up for another success season.

Participating in an off season school program has proven to be very beneficial to both young girls and boys. Our young athletes have committed themselves to improving their basketball skills. Our main goal is to provide them with the instruction and experience and return them to their respective teams a more productive player. Also, athletes that have aspirations to continue their basketball careers at the collegiate level have benefited from our AAU Program.

Here is where we need your help! These young girls and boys would greatly appreciate your help in defraying some of the cost associated with participating in our AAU Program. Expenses include but are not limited to, tournament fees, uniforms fees, gymnasium fees and travel fees.

Any funds collected from any athlete will go directly to that athletes account and will help them tremendously. No amount is too small. These young people have decided to take a huge step in their development. Will you walk with them?
