

### Girls Basketball College Recruiting/College Scholarships

Due to Covid-19, is your athlete potentially missing out on the opportunity to play AAU basketball this summer to be seen by college coaches for recruiting purposes? Isn't it one of the biggest dreams or reasons why prep athletes train and compete so hard is so they can play ball at the next level?

Recruiting agencies can charge as much as \$3000-\$4000 to provide just a platform to post your athletes film on, hoping that college coaches will tap into. And sports highlight film companies charge as much as \$500 to put together highlight film. The Colorado Lady Lightning Girls basketball club has been 100% successful securing college scholarships for young lady basketball players for over 8 years through our recruiting techniques. More recently, and even during the pandemic crisis, 4 of our seniors signed in the month of April to play college basketball! The college recruiting coordinating team for the Colorado Lady Lightning has just the right formula for your success!

If you are interested in reaching your dream of playing college basketball, please drop us an email to find out more! [coloradoladylightning@gmail.com](mailto:coloradoladylightning@gmail.com)
