4. Helmets / Equipment: John Wright shared with the group his research concerning new helmets. The top of the line helmet with best concussion protection was thought to be the way to go. The price per helmet is approx. \$220, that would be \$22K+ needed to outfit 100 players. John is also researching equipment costs. It is still unknown how much of the Rec Center equipment will be usable.
5. A-Team discussion: Those present discussed the importance of fielding an A-Team no matter how many players signed up as long as enough would be available to play in a game. The present league rule is 15 players. If the A-Team is not started this season, it will most likely never get started.
6. Next Meeting was scheduled for Sunday March 16th at 6pm.
7. Adjourned at 6pm.
