HISTORY

The history of the Gridiron Developmental Football League began in 2010, as representatives of several Regional Minor Pro Football teams took to the task of converting a collaborative idea into a 32 team league. The current league membership spans 9 States including TN, MS, AL, AR, KY, OH, GA, NC, and SC. The first meeting took place on February 27th, 2010 as the Founder/President worked to develop the bylaws that are now the foundation of the Gridiron Developmental Football League. What will separate the GDFL from many others leagues is the business structure & branding rights...
