23 May	St Patrick's School 42 Year 3 & 4 Children
24 May	Te Aro School 50 Year 3 & 4 Children
Week 3	Thank you to coaches
Coaches	Tessa, Stefan, Ashleigh and Joe

Slapshot Skating

A snapshot of **Week three** of the 'Kiwisport Slapshot Skating Program' involved the children putting on their protective gear and skates individually but the coaches tightening the laces before they head on the rink.

To warm up the children played freeze tag which is a fun game in which they can interpret their skating skills.

This week we added a new game which was red light, green light, yellow light, and blue light. Red is stop, green is go, yellow is lie on the ground get back up, and blue light was the famous chicken dance.

The children learnt how to stick handle with pucks and pass back and forth to their partners, we will start using sticks more often as they are a key component in Slapshot Hockey.

Thank you to all Club volunteer
Our very sincere thanks to Club members who stepped up to support our
Kiwisport Program – Brett & Nighat Turia,
Karuna Olatunji, Nicole Plass, Shona and Joe Dowman©

Holy Cross School

On Monday we had the year 3 & 4's, Tuesday we had the year 5 & 6's and Wednesday we had the year 7 & 8's come along to Slapshot.

Monday: Every week these children seem to improve in different ways, well done to Siline who has come along way and is now confident off the wall with assistance.

Tuesday:

The children seemed to enjoy the traffic light game, its good to see them being enthusautic and helpful to the instructors without being asked.

Wednesday:

Even though finding skates that are the right size for children, they were patient and considerate. Torpedo Alley seems to be the favourite as teachers and coaches get to join in.

Please bring water bottles and socks each week.

St Patrick's School

Thursday 9 May was the third time 42 year 3 & 4 children from St Patrick's came along to Kiwi sport Slapshot.

This week we learnt some new skills such as stick handling and passing. This is the first time the children have used pucks with their sticks.

They did a fantastic job of giving these new skills a go and improving their skating and dropping on one knee which is something they will be doing each week.

Next time we will add in some more skills, more fun games and review skills we learn this week and beforehand.

We try to include challenging, competitive and of course fun games to ensure the children want to keep pursueing Kiwisport Slapshot.

Please bring water bottles and socks each week.

Te Aro School

Friday 10 May was the third time the 54 year 3 & 4's from Te Aro came along to Kiwi sport Slapshot.

The children are all at different stages on skates, some originally couldn't move or stand on skates and a few whizzed around from day one.

There is always room for improvement, no matter what stage you began at and in saying this all the Te Aro children have come along way in only three weeks.

There was some awesome stick and passing skills seen with the two classes. It's good to see the children cheering each other on and helping their peers if their struggling.

Please bring water bottles and socks each week.

We look forward to welcoming the children back next week.
