- NHHC and the coaches understand that there are players that want to participate in both hockey and school activities during the spring. Enjoy school activities whenever possible, NHHC understands there will be conflicts just keep your coach aware of your status throughout the spring season.

**The online registration link provided directs me to Naperville North's website, is this correct?**

NHHC does not yet have an operational website and needed to use current resources to conduct registration. All members of the board are aware of the use of Naperville North's website and are aware payments made will be directed to existing bank accounts through Naperville North. Please understand that all Spring & Summer Program registration payments will be accounted for and be used for NHHC purposes only.

**If you don't have a website yet, how will we receive information?**

Regular correspondence will take place to keep club members informed. The current club websites will be updated with the latest news and information:

[Naperville North Huskies Hockey Website](#)

**My player only wants to register for the Spring portion of the program, is that possible? Explain.**

The NHHC Board Members decided that it was important to begin team building and commitment now, so players bond and the club develops an identity and familiarity. Therefore, it was decided that Spring and Summer would be combined into a single program and cover the upcoming regular season tryout fee.

**Is there an email I can send questions and/or comments?**
