## OFFICIALS ROLE

The basic role of the official can be broken down into two simple words --"safe" and "fair". By viewing and officiating the game with these two words in mind, an official should be able to call a game that is acceptable to all of the participants.

There is no good excuse for an official not to penalize any infraction that threatens the safety of another participant and Hockey Canada calls upon all officials to strictly enforce these types of infractions.

The word "fair" does allow some flexibility in determining which infractions will and will not be penalized. Any infraction that takes away a good scoring chance should be penalized. However, some infractions although obvious infractions by the wording in the rule book, can be overlooked if no advantage is gained. Remember that it is the "spirit" or "intent" of the rule that determines an infraction, not the literal wording. This will be interpreted differently in each game, depending on the official, the level of play and the style of play. As officials develop their officiating skills, their "feel for the game" and "judgment" will help them determine the officiating style needed in each game.

Infractions after the whistle should also be penalized accordingly, with emphasis placed on penalizing the instigator of such activity.

### Code of Ethics

The Hockey Canada officiating program "Officials Code of Ethics" provides guidance to registered officials across Canada. The Hockey Canada Branches and their members should expect from Hockey Canada Officiating Program officials the highest possible standards of personal integrity, competence, judgment, and discretion. Developed by the former Hockey Canada Referees Committee, the Officials Code of Ethics is its public declaration of an official's obligation to himself, his peers, and the game.

I will....

- Do the best job that I can in each game regardless of the category of the game.
- Always show respect for my fellow officials, players, coaches and fans.
- Treat all other participants and spectators with respect at all times. Use of abusive language or gestures completely unacceptable under any circumstances.
- Study and continue to improve my knowledge of the Hockey Canada playing rules, the Hockey Canada Officiating program policies and procedures.
- Represent myself and the rules of the game as fairly and as accurately as possible at all times.
- When required, I will promptly report all penalties involving potential disciplinary action to appropriate authorities.
- Always be unquestionably impartial, keeping a professional and appropriate distance from teams.
- Understand the use of alcohol is not encouraged and is totally unacceptable on game days. The use of illicit drugs is against the law.
- Uphold the philosophy and right of all hockey participants to "Fair Play" and penalize accordingly all violent acts.
- Raise the standard of play in each game I officiate.
- Be supportive of my fellow on ice and off ice officials at all times, even when I am a spectator.
- Accept the fact that I will make mistakes but I will not get frustrated or let this learning process affect my performance and professionalism.
- Contribute to the continuing growth of the Hockey Canada Officiating Program and its officials within my branch through support, encouragement and positive attitude.
- Respect and accept constructive feedback from supervisors and the assignments I receive from my administrators.

## MATCH PENALTIES ON AN OFFICIAL

### PROCEDURE

1. Keep the Game Sheet and Write Up Sheet.
2. Ensure that you have the following information:
  - a. Correct NUMBER of the player or NAME of the coach - if you do not know, ask. Be sure you know BEFORE you leave the arena.
  - b. Make sure the proper number and offense are clearly printed (legibly) on the Game Sheet.
  - c. Ensure that the Game Sheet has been properly completed.
  - d. Player's Name
  - e. Player's or Team Official's Team
  - f. Time and Period Assessed
  - g. Full Description - include all possible factors that led to the incident (state facts, NOT opinions).
  - h. Detail the degree of violence in the infraction, the extent of the injury to yourself, if any, and also what happened after the incident - did he leave without taking further action?
  - i. After you are satisfied all details of the incident have been reported, make sure your name and referee's phone number appear legibly on the report.

|---|---|
| - Your name & Phone number                    | - The teams involved                        |
| - Names and phone numbers of fellow officials | - Player's or team official's name and team |
| - The time, location and league of the game   | - Rule number the incident applies to       |

3. The Match Penalty Coordinator will follow up to advise you what will be done and how we will proceed.

### GUIDELINES

Sometimes, the rules are inappropriately used to call a Match Penalty. Please consider the following:

- a. Rule 9.2      Verbal abuse is unacceptable behavior, but it is NOT a Match.
- b. Rule 6.1      If the player made an attempt to injure you, please ask yourself whether it would have been effectively covered under Rule 9.6.
- c. Rule 9.6a      Was this verbal abuse or an actual threat of physical abuse? Please make sure.
- d. Rule 9.6b      Note that this rule refers to intentionally touching, holding or pushing a referee. Please make sure that the player did not mistake you for an opposing team player.
- e. Rule 9.6c      If you were struck deliberately, please make sure your description relates to this rule. Please ensure the player's intent. This is the most severe rule - please ensure you are right.
- f. Rule 9.7      Ensure this was not an accident, but was done on purpose. Report only those incidents where an official is involved, NOT player on player.

## **INCIDENT REPORT WRITING**

There is a concern this season over the quality of reports written by officials. This is not a local problem but it is happening throughout the branch. The following penalties must always be followed up with a written report:

- **All Game Misconduct Penalties**
  - **All Gross Misconduct Penalties**
  - **All Match Penalties (Match penalties on officials are reported separately)**
  - **All Misconduct Penalties occurring within 10 minutes of the conclusion of the game.**
- In your report the following must be included:**

- Name, number, time of infraction, and team of offender – if it is a coach and you do not know his name, ask one of the assistants, or someone from the other team.
- Check the front of the game sheet to be certain the timekeeper recorded the penalty properly – if it isn't listed on the front, you can add it with the time recorded that it happened and initial this.
- The rule number of the infraction.
- Report if anything happened during the game that led up to the incident or if anything happened afterwards.
- Report only the facts of the actual occurrence describing exactly what you saw happen and where you were in relation to the incident.
  - Was the incident accidental or was it intentional
  - If profane language was used you can state “abuse with profanity” or “the player shouted profanities at an opposing player”
  - Rule 9.2 will need the actual verbal taunt that was used
  - Did the injured player come back in the game later or did he go to the dressing room for the remainder of the game
  - Do not state what you think is the extent of the injury, this is a doctor or trainers
  - Job
- When describing the incident use team names and not team colors as the person reading the report probably does not know the jersey colors of the teams.
- Report any other occurrence that may have happened as the penalized player was leaving the ice.
- Read your report over and see if you are able to picture the actual occurrence from what you have reported, as this report will end up with a league official that was probably not at the game and will have to visualize what happened by reading this report and then make a decision on suspensions.
- Sign the report and include your telephone number in the event a league official needs to contact you.
- Some leagues supply special write-up books for these reports that are left in the referees room but if there is no report form available it should be written on the back of the original copy of the game sheet.
- Do not make any comment to a team official regarding the length of any suspension a player may receive. If you are asked, your answer should be, “it is up to the league to determine the length of any suspension”

## SUPERVISIONS

Dear Officials:

Another hockey season has arrived upon us. As you all may know, the Supervision Program is a vital program which will help the development of our fellow officials in our zone from Level 1's up. I am happy to have been selected to organize the supervision program this year. Over the past seasons, I have witnessed the supervision program improve many officials in our zone as well as many of the supervisors going out and performing the supervisions. With these supervisions, we will improve as an association together.

In order for everyone to keep improving as an official, I would like to ask each senior official in the association to conduct **10** supervisions. The first **6 supervisions** must be submitted to me by **December 15<sup>th</sup>** to get on the **January schedule** and the remaining **4 supervisions** submitted to me by **January 19<sup>th</sup>** to be eligible for **Playoffs**. Supervisions may be conducted on any level of hockey but would like to see us try and keep our focus on developing Level 1's and 2's as well as inexperienced Level 3's. With that being said, I would like to see **6 of the 10** supervisions done on Level 1's and 2's.

When a supervision is completed, the supervisor is asked to pass a copy of the supervision to the official who has been supervised and a copy to me. I will keep all supervisions on file and they will be used to track the progress of the officials. These supervisions can be emailed to me if you do them online, mailed to me or handed to me by your RIC who attends the monthly meeting or handed to me personally. Please feel free to contact me if you have any questions, concerns and even some new ideas about the supervisions and the supervision program. Remember that these supervisions are as beneficial to you as they will be to the younger officials you help develop.

Please contact me at:

## HOCKEY CANADA INSURANCE PROGRAM

Information contained reflects a very broad overview of coverage

### WHEN ARE YOU COVERED?

During Hockey Canada/Branch Sanctioned events such as league games, tournaments and training camps. Includes on and off ice, as well as transportation **directly** to and from the arena/facility. Also covered while billeted or in accommodations at a Hockey Canada/Branch event or tournament.

### TYPES OF COVERAGE

Hockey Canada provides you with the following policies:

**Commercial General Liability:** This policy covers Hockey Canada members who have paid a premium for their on and off ice activities while participating in Hockey Canada sanctioned Hockey events. Covers up to \$20,000,000 of coverage for a single liability occurrence, as dictated by the terms of and conditions of the policy.

**Accidental Medical Insurance:** This insurance augments Provincial, Medical and Hospital plans and covers members against accidents which occur during participation in Hockey Canada/Branch sanctioned activities to the limits specified in the policy. (Limits and services covered available in Safety Requires Teamwork booklet, which available on the Hockey Alberta website).

**Accidental Dental Insurance:** See "Accidental Medical" above. In addition, when accidental injury to whole or sound teeth shall, within 30 days, require treatment, the plan will pay for reasonable expenses that incurred within 52 weeks after the date of the accident. The current standard coverage covers up to \$2,500 maximum. However, starting this season, officials get an additional \$5,000, which increases coverage up to \$7,500.

**Accidental Death and Dismemberment Insurance:** Covers death and very serious injuries (as defined in Safety Requires Teamwork booklet) incurred by a member while participating in a sanctioned event or while travelling directly to and from the arena or venue. This coverage is in addition to any other valid and collectible insurance policy.

**Loss of Income Benefit:** In the event that an accident results in the covered member incurring a loss of earnings in excess of 30 consecutive days, Hockey Canada shall provide reimbursement for those earnings lost for the next 30 day period. This is based on a \$250.00 per week/\$1000.00 maximum per claim limit. This benefit is not intended to reimburse for missed officiating assignments. Proper documentation of the lost earnings in the form of a statement of earnings and/or a T4 will be required.

### HOW TO MAKE A CLAIM

1. **Secure** a Hockey Canada Injury Report Form from your local Minor Hockey Association or Referee Zone. In the event that there are none available, visit the Hockey Alberta website at [www.hockeyalberta.ca](http://www.hockeyalberta.ca).
2. **Complete** the form in its entirety. Have your Referee Zone complete the team section and your Doctor/Dentist complete the back of the form.
3. **Submit** the fully complete form to your Branch office along with any receipts or invoices within 90 days of the date of incident.

#### NOTE:

- Only Accident Report Forms received in the Branch office within 90 days of the date of accident will be accepted.
- Forms must be completed in their entirety or they will be returned.

- Only original receipts and/or invoices are acceptable.
- Hockey Canada is strictly a supplement insurer with respect to the Health Benefits Trust Program (Medical/Dental). If you have access to any other insurance, you must pursue it through them first. Hockey Canada shall cover those costs not covered by your primary insurance to our policy limits.
