

Hockey New Brunswick

New Brunswick Minor Council

District 5 – Association

Version: 20240620

Application for player upward movement

Criteria

- Only second year players in a division (U9 and above) will be eligible for consideration for upward movement.
- Prior to September 1st of each year, the players name, age, and the division they're looking to move up to will need to be submitted to the home association to request an evaluation for potentially moving up to a higher division.
- In addition, a \$500 (for district 5) application fee will need to be submitted to the District Director prior to the September 1st deadline to facilitate planning for evaluation.
- Evaluations will take place during the tryouts for the upper-level team.
- Evaluations will be conducted by representatives from both the local association and Hockey New Brunswick.
- Following evaluation, Players must rank in the top line (3 forwards, 2 defence, 1 goalie) for their position of the top upper-level team (AA or A if no AA team in the Association) that the Association has to be approved for upward movement. If the players are of the younger age groups and tryouts are not positional type tryouts, players must rank in the top 5 of players after evaluations. Goalies will still need to be ranked first (for their position) after the evaluations.
- Players may be evaluated based on not only hockey skills but both physical and social development (through possible interviews).
- If the player is successful in the upward movement process for the season, \$250 of the \$500 evaluation fee will be refunded to the player.
- Players successful in the upward movement process for the season will not be eligible for affiliation to a 2nd higher age level team.
- If the player is unsuccessful, he must return to his regular division; he cannot play on another team in the higher division. E.g. If a U9 player is unsuccessful making the U11 AA team (or highest team the association offers), they would not be eligible for selection on a U11 A, U11 B, or U11 C team.

Note:

Applicant will be declared as accepted or not accepted, NO DETAILED assessment will be available.
