As the current season has come to an end, we hope you were able to accomplish the goals you set out to obtain; and if you felt that you weren't able to attain your standards, we wish you a healthy offseason of training and refining your skill.

The Transcona Railer Express are pleased to invite you to our spring camp, opening on **April 4th, 2026 at East End Arena**. Our organization has identified you as being a strong candidate to become a future, proud Transcona Railer Express member; how soon that comes to fruition is ultimately up to you.

As an organization, we pride ourselves in providing high caliber Junior hockey, while assisting in any means necessary to further provide for our players' endeavors and lives. The Railer Express organization has given over \$110,000 in scholarship bursaries to its players. This is not limited to just university studies, all post secondary education avenues are eligible; putting the Railer Express a step ahead of all organizations in the MMJHL in this respect. In addition, we have utilized video supplementation and skill specific coach sessions, intertwined within our yearly plan to help players flourish on ice. Simply put, we give you the resources to succeed, no matter what you aspire to.

Enclosed is the spring camp schedule and how to register; if there are any questions please do not hesitate to reach out in whatever means you feel comfortable with. Camp will all take place at East End Arena. It is my hope that you can attend and come witness what our organization all has to offer, while you display what you have to offer to help our organization climb the metaphorical hill.

Sincerely,

Derek Gagnon
Head Coach/General Manager
