

## 2022 Cross Country Booster Club Membership Form

The 2022 Cross Country Team funding has been negatively impacted this season due to COVID-19 and budget cuts. In normal times, our sport faces shortfalls compared to the funding we receive vs. the large number of participants, but this year it is even greater. We believe in the enrichment Cross Country offers our student, now more than ever, and need to adequately fund the costs (uniform + bag fees, coach fees, meet fees, hydration, supply chain cost increases etc.) for all who wish to partake. Your membership in the Booster Club is mission critical this season, and we are reaching out to ask those who can to contribute beyond the membership fee to support those who cannot.

We are asking families to contribute **\$75** for each athlete participating on the 2022 Cross Country team. Your contribution will enroll you as a valued member of the 2022 Cross Country Booster Club.

All contributions are tax deductible, and will be utilized to help pay for transportation, uniforms, athletic bags, uniform cleaning, and meet fees. Please - if you have the ability to make an additional contribution it would be greatly appreciated and may fund a student who cannot. Also – don't forget to ask your employer if they offer matching contributions.
