The Terrier Way **Del Val Wrestling Parents Meeting** **November 4th, 2024**

Nothing great was ever achieved without enthusiasm.

Our goal as coaches at Delaware Valley Regional High School is to have our wrestlers progress to their full potential. This potential includes not only the physical part of the student athlete but the mental, moral, & emotional aspects as well.

It is vital that each member of our team believes in what we are doing and the integrity of our program depends on it. You should know that the coaching staff has no desire to sacrifice any aspect of our philosophy for one or two individuals. Know, too, that we are committed to building an organization that people respect, not only today, but in years to come. We want you to be proud that you are and were part of Delaware Valley Wrestling.

We believe that discipline and character development must be an integral part of our program if we are to achieve excellence in all phases. The wrestler above all must have self-discipline and be a person of solid character if they is to reach their potential as an athlete and, more importantly, as a person.

Program Objectives:

- 1) To develop Outstanding People and Great Wrestlers**
