Lambert Tennis
Sponsorship Packet

Be a part of tradition

Established in 2009, Lambert High School is home to approximately 3,000 students, many of whom compete in the 6AAAAAAA region for sports. Showcase your message to these students, visiting teams and the community at Longhorn Tennis events throughout the year. Support your neighborhood by donating to a local award-winning program you can watch grow firsthand. Take a hands-on approach and be a part of the community that strengthens and builds players on a championship team into scholars, athletes and young adults.

Join champions. Put your support into play through sponsorship.

Increase visibility

Sponsor the winning Lambert High School tennis team and extend your reach. Your message will be presented during all practices, matches and summer camps that take place year-round at the tennis courts, reaching thousands of people. Increase visibility within the local tennis community and the student population. The court's premium location, adjacent to student parking, means you will also reach student drivers throughout the year.

Extend your reach

Choose from a variety of sponsorship levels at a cost that fits every budget. Many levels include full-size color banners displayed on the courts. Additionally, all sponsorship levels include an online presence at www.LambertTennis.com, the official LHS Longhorns Tennis Booster website, with a direct URL to your business website. Showcase your message to the community, which has a median family income of over \$125,000. The main communication channel for match schedules, team expectations and coaching details, the site is accessed by hundreds of tennis players, coaches, family members and fans throughout the year.
