Improvements to gym floor have been complete. The plan to expand the weight room and relocate the wrestling room are still in progress.

A discussion was raised about the importance of the Booster Club. We are not a play to pay school in large part due to our Boosters. Every sport liason should be at first meeting and should have a full understanding of Booster Club in order to relay correct information to their parents.

New Business:

We are asking for parents to step up for key positions in the Booster Club. There will be vacancies in the President, Treasurer and Secretarial positions. These positions are usually a two year commitment. Please come to our next meeting if interested. The Booster Club is of great importance to our school.
