Athletic Director's Report- *David Scott*

Field is in great shape currently. David received several quotes for the drain project at a cost between 8-10K. We won't be able to do the drain project until the summer or late May. He did confirm with several contractors that a new field would cost somewhere between 120-140K. All contractors felt that we did not need a new field.

David is not scheduling any Saturday games to allow for field to be available for make up games if necessary.

Fall sports were very successful this year which is fantastic. However, we did incur significant transportation expenses. David anticipates needing financial help with transportation expenses in the spring.

Membership Report- *nothing to report*

Communication Report- *Char Benson-nothing to report*
