

PV Sharks Booster Club Meeting

May 28, 2015

The meeting was held at Ponte Vedra High School and called order at 7:30pm. Approx. 15 people were in attendance.

President's Report- Dan Reiman

Dan asked for feedback on Sharkfest. We raised approx. \$100 K. Silent auction needs to be revamped or eliminated. Board will meet in Fall to talk about changes. Sharkfest apprentice is needed to shadow Kevin Hanney. Special thanks to Kevin and Cynthia for a successful Sharkfest!

Dan wants to focus on getting more corporate sponsors to support our athletics. Try to market Ponte Vedra High School as the community school. The general booster fund is now funding 4-5 months of the Athletic budget. We would like to have money to support athletes who can't afford the expenses rather than have it fall on the parents.

We have vacancies on the board. Char Benson is stepping down from communications. Missy Greene would take communications over when a replacement for membership is found.

Membership-Missy Greene

It is imperative that you get your booster membership as soon as possible if you want seats in the stadium. We have big freshman class coming in and need to market to these families through Sharkbytes. We would like to create a level of support for people in the community to support PV that don't have kids at the school.

Athletic Director- David Scott

Summer field maintenance is underway and the field is looking great. New contractor is doing well. The drainage will be done late June or early July. We still have some issues on the practice fields. They can be sanded but not sodded due to activity this summer. Some discussion to close one field at a time so we can sod. Tennis courts had a chemical cleaning and look great.

Advanced Disposal scholarship was awarded to Nicole Greene and Hank Massey. We plan to have a big sign by the ticket table that will list the winners each year.

There will be a new budgeting process for all sports. A worksheet is being created to help the coach, team liaison and team treasurer to plan the budget for the season. Then the budget will be presented to David Scott. This provides a check and balance system for booster money and eliminates any major surprises. This information will be presented to the principal, Steve McCormick.
