The team selling the highest % of tickets based on their sports size will receive a \$500 bonus. Also, please remember that each individual sport receives 75% of the ticket price back to their sport.

TREASURER- Dipak informed the group that the current General Booster Balance is \$95,746.00

Recent purchases include a deposit for the upcoming booster bash and \$5000 set aside for senior scholarship.

Director Report:

ATHELETIC DIRECTOR- Mike informed the group that for all home sporting events the first 50 students will receive free admission. This does not include basketball and he may exclude some lacrosse games.

Plans are in the works for a new six lane track and a redo of the front of the stadium. These projects will be funded by the county. Target date for the completion of the front entrance to the stadium is prior to the lacrosse season. The track timeline is summer of 2023.

Mike is investigating covered hitting facilities for baseball and softball. Depending on costs we may need to identify funding sources.

Mike has hired a new boys soccer coach and his first game was November 7, 2022. Mike is still interviewing a boys volleyball coach.

Mike was asked if there are plans to install beach volleyball courts on campus and the answer is no. There is not enough space on campus, so the team will continue to play and train at the Sports Edge facility.

Liaisons updated the group on their team's activities.

The next General Booster Meeting will be held on Monday, December 5th, 2022
Meeting was adjourned at 8:03 PM
