Upcoming 2022-23 Girls LAX Season

- Girls Lax 2022-2023 Season, Vestal will change to Class C based on enrollment. Sectional teams will include ME and JC.
- Looking at big teams again. 10 seniors graduated 2022. Anticipate 8-9 seniors for 2023.
- Coaches not known at this time, there may be some shifting.
- Coach Daino is requesting **new pinnies for JV & Varsity practices**. Discussed whether the booster club will purchase and hand out pinnie as part of the uniform that will be turned in at the end of the season, booster club and parents split pinnie costs, or players purchase and keep their practice pinnie. ***If the Booster Club purchases pinnies, need to make clear to players and parents that the pinnie is part of the uniform. If it is not turned in with the uniform, the family will be charged. Need to have a person in charge of collecting uniforms and pinnies at the end of the season. Also would like **shooting shirts/warm up shirts**, long sleeved.
- Spent about \$2000 on turf time for Winter League 2022 at The Edge. Rather than hosting a winter league, prefer to buy 3 or 4 weeks of turf time 2X a week for LAX pre-season practices at the 434 Complex.
- Discussed Senior Traditions-other than senior shirts, need more information.

Summer League 2023

- Discussed Summer League 2022. There were some misunderstandings with coaches regarding travel & meal payments for tournaments.
- For Summer League 2023, need to be specific with coaching responsibilities and expectations as well as payments. Possibly have a simple contract and/or stipend. State payments, possibly 2 times, half way through and at the end of season. If a coach doesn't show for practices or tournaments, there will be a deduction in pay.
- Discussed increasing number of players involved in Summer League. May help to let players know who will be the Summer League Coaches. In the past coaches were former Vestal LAX players playing at the college level.
