

*** 2024 CT American Legion Baseball Rules ***

Mar. 16, 2024

American Legion Baseball shall be played in accordance with rules adopted by the National Baseball Committee and Americanism Commission and Major League Baseball.

Changes to the Official MLB Rules are noted in Rule 1 of the American Legion Baseball rules, or as amended by executive communications from the National Baseball Committee (see note below). These rules generally pertain to matters of safety, equipment and insurance and are made with the welfare of the players in mind.

Note:

1. MLB rules intended to speed up the game are NOT in effect in American Legion Baseball. There is no pitch clock, no limit on throws to 1B, no requirement for a relief pitcher to face three batters, etc.
2. American Legion Baseball does not use the runner at 2B to start extra innings.
3. American Legion Baseball does not require the larger bases. However, if a field is equipped with the larger bases, there is no issue to use the field and no protest or penalty is allowed.

These rules may be further modified by the Connecticut Baseball Committee (may be more restrictive) generally for regular season play only and cannot conflict with certain national rules. All national tournaments will follow rules established by The American Legion's National Americanism Commission.

All teams shall follow these rules with a few exceptions.

17 & Under American Legion Baseball Program See Rule 16 (p. 25) (U17 or Junior American Legion Baseball) for specific rule modifications for this age group

15 & Under American Legion Baseball Program See Rule 15 (p.25) (U15 or Prep American Legion Baseball) for specific rule modifications for this age group

Age 13 American Legion Baseball Program See rule 14.A (p. 24) for specific rules for this age group

PLAYING REGULATIONS - RULE 1

- A. Baseballs – All teams in Connecticut must use the Rawlings National Logo Connecticut American Legion Baseball. (R 100 CT-AL)
- B. Bat Rule. Connecticut will follow the National rule. **Bats with permanently embossed BBCOR authentication will be allowed. BBCOR designation must be permanently embossed, printed or otherwise affixed to the bat by the manufacturer and must be visible to the umpire. Stickers are not permitted.** If a player uses an illegal bat, both the player and his head coach will be ejected. Further discipline, if any, will be determined by the State Director or his designee.

Clarification: Wood bats are permitted under this rule.

- C. The Batter – see National Rule #1C
- D. Blood Rule – see National Rule #1D
- E. Catcher’s Equipment – see National Rule #1E
- F. Coaches. - Only those coaches listed on the team’s National Registration Form #1 are permitted on the playing field. No team can play a game without one of these approved coaches present on the field or in the dugout.

Each coach, general manager, and other required volunteer must pay for and provide all requested information, so that a yearly background check, conducted by the nationally selected company, can be completed on them **prior to having any team related contact with any players.** Anyone failing this review will not be allowed to be part of any American Legion Baseball Program – absolutely no involvement. **No new coaches can be added or background checks requested after June 1st without the specific approval of the State Director or his designee.**

- G. Courtesy Runners – Courtesy Runners are not permitted at any level of Connecticut American Legion Baseball
- H. Collisions – see National Rule #1H
- I. Designated Hitter (DH) Rule – For all divisions, Connecticut follows the National Rule, a player can only DH for the pitcher.
NOTE: Per National Rule, The American Legion DH rule is the American League rule as it existed in 2021. The Ohtani rule is not in effect in American Legion Baseball.
- J. Force-Play-Slide Rule. – see National Rule #1J
- K. First Aid Kit Rule. – see National Rule #1K
- L. Games – In addition to the National Rule:

1. Games will only be played on July 4th if both teams agree.
2. The **Zone Chairman** must approve participation in tournaments during zone play. Additional practice games are encouraged. After May 15, no team may reschedule a zone game unless approved by the Zone chairman but no later than June 1.
3. Forfeitures - In case a visiting team fails to arrive within the designated time, the team on the field will win by forfeit after waiting fifteen (15) minutes beyond the time the game is scheduled to start. An appeal may be made to the zone chairman in the case of unforeseen circumstances such as an accident in route to the game. The home team must be ready to play at the scheduled game time without exception (no grace period). In the event of a double header and the traveling team forfeits the first game, the scheduled time for the next game will be 15 minutes after the completion of the first game. Example: A team is traveling for a double header for a 1pm game and does not have enough players to start the game. The game is officially over after the 15 minute grace period at 1:15pm. The next game now starts at 1:30pm and would be subject to a forfeit at 1:45PM). The home team again has no grace period and would forfeit the 2nd game at 1:15PM. In all forfeit situations, the umpire shall place the eligible team on the field, have the pitcher throw one pitch and then officially declare that team the winner. Any team that forfeits a game for not having 9 players eligible to

start the game or fails to inform the home team they will not play the game, will reimburse the home team for all the umpire fees. Each home team will follow the contract in place with their board (or boards) as it pertains to the requirements for when umpires are paid in full, or in part, for games cancelled for any reason.

If a team forfeits games on two separate days because of its inability to field nine eligible players at the start of a game the team will be disqualified and ineligible to participate in any further American Legion games that season. With this season ending situation all games played will stand and all subsequent games will be removed from the schedule and the team may face potential further discipline from the State Baseball Committee.

If a team drops out after April 15th but prior to the start of the season, they will be required to pay a \$250 non-refundable penalty fee. This fee must be paid at the State Meeting which they attend and are reinstated. As with the \$500 forfeit penalty, this penalty can be waived by the State Committee if the team's leadership substantially changes. **ANY TEAM THAT DROPS MUST REQUEST THEIR REFUND OF NATIONAL FEES AND INSURANCE BY JUNE 30TH OF THE YEAR OR THEY WILL NOT RECEIVE A REFUND. THIS IS THE NATIONAL DEADLINE DATE.**

If a team drops before the zone season is over, all remaining scheduled zone games will be removed from the schedule. The remaining teams' zone schedules will be adjusted accordingly and result in games not played. There will be no adjustments to the team results to date and no adjustments to tournament seeding.

If a disqualified team wants to return to American Legion play the next season it must pay a \$500 non-refundable penalty fee plus the regular registration fee. This fee must be paid at the State Meeting which they attend and are reinstated. Please note that this \$500 penalty is intended for teams requesting to return that have not substantially changed their leadership. The State Committee retains the right to waive this penalty if they decide that a substantially new leadership should not be responsible for mistakes made by the people previously in charge.

The zone chairman shall immediately notify the state director with the names of teams that forfeit games during the season.

The State Committee is especially concerned that teams may use players known to be ineligible in order to avoid forfeitures of games due to lack of players. Because of ethical and liability issues, this behavior will lead to severe penalties – up to and including the removal of responsible coaches and/or entire teams.

4. If a game must be postponed for weather related issues, or some other reason approved by the State Director or his designee, it shall be played depending upon field availability by one of the 2 teams on the next mutually open date (commitments to tournaments and trips that have been previously posted on the team's website schedule, & reasonable end of the year school related functions are okay but non-zone games must be cancelled) U19 and U17 teams will not be required to play more than 5 days in a row although they may choose to do so. U15 and U13 teams will not be required to play more than 4 days in a row

although they may choose to do so. Teams that do give up home games may switch a later away game to their home field. Games not made up on the next open date, as described above, will result in the game counting as a loss for both teams. The zone chairman should be consulted by the home team manager for approval of the schedule change.

5. When it is necessary to change a field for a scheduled game, other than for weather, the visiting team manager shall be notified twenty-four (24) hours before game time.
6. Suspended games may be completed on the date of the next scheduled meeting between the two teams if feasible, otherwise, they must be rescheduled according to paragraph 5 above.

M. Helmets. – same as National Rule #1M

N. Insurance Rule. – In addition to the National Rule:

All American Legion Baseball teams must purchase insurance from The American Legion's agent of record (K & K Insurance). Coverage must be purchased when registering through the National Online Registration Process prior to the team's first tryout, game, team activity, or Feb 15th – whichever comes first. **NOTE: 2023 17U, 15U, 13U must purchase insurance through The Connecticut Baseball Program and follow the same rule. Violation of this rule may result in the disqualification from any further competition.**

All teams must carry their Form 2s to all games. If a player is hurt this form may be required by the clinic or service the player is taken to for treatment as it has the insurance and contact information.

O. Lightning Safety – National Rule #1O

When thunder is heard, or a lightning bolt is seen play will be suspended immediately and all playing personnel will take shelter. Once play has been suspended teams are required to wait at least 30 minutes after the last thunder is heard or lightning is witnessed before play can resume. For any subsequent thunder or lightning after the initial suspension the clock is reset and a new 30-minute count is begun. Connecticut will not follow National Rule 1.O.4 (electronic detection devices.)

Q. On Deck Equipment. – same as National Rule #1Q.

The chart below outlines required days of rest and applies to all games played by a team during the season including non-zone and non Legion games.

Age	Daily Max (pitches in game)	Required days of rest (pitches)				
		0 days	1 day	2 days	3 days	4 days
U-19	105	1-30	31-45	46-60	61-80	81+
U-17	95	1-30	31-45	46-60	61-80	81+

Age 13	90	1-30	31-45	46-60	61-80	81+

Rule 1.R.3 If a pitcher throws 45 or fewer pitches in game one of multiple games on the same day, he may return to pitch in game 2, up to the maximum 105 total pitches (in CT 95 for 17U, 90 for 15U) for the day as long as he has an appearance available. If a pitcher throws more than 45 pitches in game 1 he would be ineligible to pitch in game 2.

Rule 1.R.4. (CT rule) If a team brings a pitcher who is ineligible under the pitch count rule into a game the offending team will forfeit the game and the head coach will be suspended for 3 games (i.e. a major infraction). The infraction must be discovered and reported to the Zone Chairman no later than the last date to play a regular season game. If the infraction occurs in a state tournament game, it must be reported by midnight of the day when the infraction occurred.

In addition to the National Rule, in order to enforce pitch count rules:

- A. Each team will keep a record of pitches for both teams during the game and teams will compare counts and resolve discrepancies at the end of each inning. If teams cannot resolve their differences the home team book shall prevail per the rules of baseball. Teams may use electronic or paper means to track pitch counts. Each team is required to enter accurate data into the state website by noon of the day following the game.

- B. If a team fails to enter pitch count data to the website by noon of the day following the game, that game will be recorded as a forfeit and the team manager will be suspended for the next game. The penalties will be removed if the data is updated within 24 hours.
- C. Teams will be required to carry their pitch count record (either electronically or by book) with them to each game and be prepared to present this documentation to the opposing team on demand prior to the start of each game. Teams should indicate which players are unavailable to pitch on the lineup card at the start of each game.

Point of Emphasis
<p>American Legion Baseball adopts the philosophy and principles of the MLB/USA Baseball Pitch Smart initiative of practical, age-appropriate guidelines to educate parents, players and coaches to avoid overuse injuries and foster long, healthy careers for youth pitchers. Learn more online at pitchsmart.org.</p> <p>The following are recommendations and suggested guidelines:</p> <ul style="list-style-type: none"> ● Consideration should be given to not exceed 100 combined innings pitched in any 12-month period. ● Take at least four months off from competitive pitching every year, including at least two to three continuous months off from all overhead throwing. ● Coaches should consider the age of the pitcher and the recommended guidelines for that age group (i.e. a 16-year-old pitcher on a senior team should be limited to 95 max pitches, although 105 pitches is allowed). ● Once a pitcher is removed, consideration should be given to what position he is assigned once he is done pitching, as well as the throwing requirement of the fielding position once the pitcher vacates the mound. ● Make sure to properly warm up before pitching. ● Avoid playing for multiple teams at the same time. ● Avoid playing catcher while not pitching. ● Avoid pitching in multiple games on the same day. ● Make sure to follow guidelines across leagues, tournaments and showcases ● Monitor for other signs of fatigue

S. Re-Entry Rule – Per the option in National Rule #1S:

1. Re-entry for starters will be allowed for U-19 Division during the regular season but is not permitted in the national tournament that begins with our **final double elimination event**. Re-entry for starters will be allowed in both the regular season and state tournaments for U17, U15 and Age 13 as per National rules.

T. Tobacco/Alcohol Rule

1. No tobacco is to be used in any form by players, managers, coaches and or umpires on the playing field. Failure to comply with this rule shall be suspension for that game plus the next 2 games (minor infraction). For this rule, the dugouts, batting cages, seating areas, refreshment stands, and other similar locations are considered part of the playing field.
2. The use of alcohol and or drugs by any player, coach, manager or other persons affiliated with American Legion baseball teams is prohibited. All teams are encouraged to have a written policy on alcohol and drug use that is presented and agreed to by all team personnel

prior to the start of each season.

3. No alcoholic beverages or cannabis products are to be sold or consumed at any ballpark during American Legion baseball games, and further, any agreement for the use of any facility for Department American Legion baseball must contain a "No Alcohol" beverage clause. Any player, coach, or team-affiliated member found drinking alcoholic beverages or using cannabis products at the ballpark before, during or after a legion baseball game would be suspended for a minimum of 4 games (major infraction). Any additional penalty will be determined by the State Director or his designee. No advertisements for alcoholic beverages or cannabis products should appear on any uniform. In cases where a ballpark is used by more than just the American Legion team, these rules shall only apply to American Legion events (Legion teams should not be discouraged from attempting to gain use of minor league and major league facilities where possible – this rule is not intended to preclude such usage of facilities that sell alcohol at professional games).

U. Ten (10)-Run Rule. In addition to the National Rule:

1. All American Legion Regular Season and Tournament games shall use a 10-run rule after five innings for a 7 inning game unless the home team is ahead by 10 runs or more after 4 ½ innings at which time that game will be halted.

Clarification – if the visiting team leads by 10 or more runs after 4 ½ innings, the home team must complete its turn at bat before the game can be ended by this rule.

V. Uniforms. – see National Rule #1V

Additional Rules

- A. Suspended Games – In addition to the National Rule, regular season games will follow Pro Rules 4.12, with the following exception: all non-regulation games will be picked up from the point of stoppage. The following examples should clarify this rule:
 1. any game cancelled prior to becoming a regulation game in the 5th inning, will now be continued from the point it is stopped
 2. once a game is a regulation game (home team winning after the visiting team has hit in the top of the 5th inning or either team winning after the home team has hit in the bottom of the 5th inning), and weather or other conditions force the game to be stopped, it is over unless the visiting team ties or takes the lead in a subsequent inning and the home team doesn't have a chance to bat. In that case, it is a suspended game and must be continued from that point at a later time (See rule I.L6).
- B. Lineups – In addition to the National Rule, teams should list all eligible starters and substitutes on their lineup card prior to the start of the game. Players omitted from the lineup card who are listed on the official team roster – National Form 1 or State Team Pre-Roster that have eligibility can participate in the game without penalty to the team. Teams should also note on the lineup card any pitchers who are ineligible to pitch in that game due to the days of rest rule.
- C. Umpires – In addition to the National Rule, all umpires are required to be members in good standing of the Connecticut State Board of Approved Baseball Umpires. This rule covers all regular season zone and non-zone games, regular season tournaments, and state and national tournament games played on our fields where the selection of umpires is under our teams or State Committee control, and all games played throughout the year (i.e. spring and fall).
- D. Championship and Tiebreaker Formats – In addition to National Rules, a zone champion and final order of finish will be determined from regular season results – first by head to head

record, then by record against teams in order of finish. See state tournament rule 11. All zone positions for U19 must be determined by results of regular season games by **Sunday Jul. 21** and for U17 by **Friday Jul. 19**. Please note that to count in the standings, no game may start after 6 pm on the last day of the season unless approved by the state chairman in advance and game results must be reported to both the Zone Chairman and the State Director immediately after the game. The state tournaments will begin on July 23 or 24 at the site of the higher seed. Final standings for U15 must be completed by Tuesday July 23 and the state tournament will begin on July 26 at the site of the higher seeds. Final standings for Age 13 must be completed by Friday, July 26. The state tournaments will begin on July 28 at the site of the higher seeds.

B. Professional Baseball Contract – same as National Rule #2C

C. Amateur Rule – same as National Rule #2D

D. Proof of Age – Follow National Rule #2E

PLAYER RECRUITING PLAN “A” - RULE 3

Connecticut has chosen to use Player Recruiting Plan A. A player can only be waived to another adjacent team if the combined counted enrollment (high school 10th, 11th & 12th graders, both boys and girls) of the schools located in all of their territories are below 7,500.

A. Zoning – same as National Rule #3A

B. Player Recruiting – In addition to the National Rule, the Connecticut Baseball Committee has adopted the following modifications:

1. It is the policy of the Connecticut American Legion Baseball Program that waivers only be granted to eligible players who tryout and/or make themselves fully available to the team and are not selected for a particular team subject to the following clarifications:

- a) A legion player must first tryout and make himself fully available for the team in whose territory his parents or court ordered legal guardians live. If he is not selected for that first team, he can ask to be considered for the next nearest team to that home. Any age eligible player who requests a release after being cut from a team must be granted a waiver as long as he has made himself fully available to team making the cut. The team that he is waived to may or may not require him to physically tryout. If not selected by this 2nd team, he would have the option to ask to play for the next nearest team. Again they may or may not require him to tryout. If he is not selected by the fifth team in the sequence, then he will not be able to play American Legion Baseball for that season. **NOTE: Only the state will determine which team a player is waived to as mandated by the National Rule 4 subject to National Rules for waivers including the 7,500 maximum student count for the two affected teams.** Please note that teams can take waived players from more than one other team in the same season, if the total applicable student population from all high schools located in those territories are below the 7,500 national maximum.
- b) For Connecticut, we will compare the parent’s address to the local town hall address for the town the team is named after (Bristol, Middletown, Torrington, etc...) – if the team is not named after just one town (Tri-Town, RCP, etc...), you will use the town hall address for the town where the team played a majority of its home games during the 2008 season. When one or more teams are combined to form a new team, the state committee will designate the town hall address to be used for that team at the time the combination is approved. These addresses are included on our state website (**see link at “State Territory”**) and will be permanent unless changed by a majority vote of the State Baseball Committee.
- c) All waivers granted to players under age 18 are just good for one year. All players waived must try out for their hometown team again the following year unless the player is a 2023 graduate in which case he must play for the team he was waived to in 2023 per National rule 2.B.4 (and CT Rule 3.B.1.d below). All waiver requests will go directly to and must be approved by a specific person designated by the State Director (for the 2024 season this is Chuck Berry). **Please note that no waiver requests will be considered if given to Mr. Berry for the first time after June 15th.**
 - i. When a player has been waived, Mr. Berry will notify the receiving team via email and/or voice message. Teams must notify him if they will accept or pass on the player within 48 hours. If a team fails to respond to the

notification within 48 hours, Mr., Berry has the right to pass the waived player on to the next available team.

- d) **Players who graduated high school in 2023 shall play for the last American Legion team with which they played.** A player who graduated in 2023 with no previous American legion team affiliation must first try out for the team nearest his parents' domicile as outlined in paragraph b.) above.
- e) In the event that a new team is formed or territory changes are approved that change a player's eligibility, those players previously registered on National Form #1 have a one-time option of playing for the team in their old territory or playing for the team in their new territory. Players so affected must notify the State Director of their choice prior to the start of team tryouts. (National Rule 3.B.3)

Note: In the case of a one year territory adjustment this rule may not apply

PLAYER RECRUITING PLAN "B" - RULE 4

NOT APPLICABLE FOR CT AMERICAN LEGION PROGRAM

PROTESTS - RULE 5

- A. Protest Procedures – see National Rule #5A
- B. Written Proof – see National Rule #5B
- C. Forfeitures – see National Rule #5C
- D. Game Protest – see National Rule #5
- E. Appeals to National Headquarters – see National Rule #5E

In addition to the National Rule, in case of a protest, the zone chairman should be notified immediately, followed by a written report delivered to the Zone Chairman within forty-eight hours of the end of the game being protested. A copy of this report shall be sent to the state director. Protests shall be delivered by hand, fax, e-mail, or certified mail. All protests must be accompanied by a certified check (delivered by hand to the zone chairman regardless of how the written report is submitted) in the amount of one hundred dollars (\$100) made payable to the Baseball Committee. If a protest is upheld the zone chairman will return the check to the protester. If a protest is denied, the zone chairman will deliver the check to the State Committee Treasurer. The State Director or his designee, in conjunction with the zone chairman shall decide all protests. When made aware of player eligibility infractions, protests regarding such issues need to be made within a reasonable time. All regular season protests must be made and decided prior to the official start of the State Tournament.

All protests will include: 1) Written report; 2) Names and addresses of both (all) umpires; 3) The umpires' written report; 4) a \$100 check.

Decisions regarding all protests will be summarized in a written report and given to the protesting team manager, the other affected team(s) and the Zone Chairman and State Director, if applicable.

TEAM AND PLAYER CERTIFICATION - RULE 6

- A. Player and Team Registration – see National Rule #6A
 - a. An established program may field a 17U (or 15U or Age 13) only team without a 19U team with the understanding that the state committee will establish the 18/19 (16/17) age player options to provide the opportunity to keep these players in Legion baseball. Placement will be based on home address, to determine the adjacent programs to which all 18/19 (16/17) year old players will be assigned if requesting to play Legion baseball. The decision of the committee is final and unlike the normal waiver process this will be a onetime placement that will be the same for any subsequent year(s).
 - b. Programs wishing to field a 17U (15U, Age 13) only team must request permission from the state committee and register the team no later than Feb. 15. Once approved that program cannot request a reinstatement for the current year.
- B. National Online Registration – see National Rule #6B
- C. National Form #2 – see National Rule #6C
 - a. **To comply with the National Rule, all CT players must complete the CT Online Automated Form 2, to include player & parent electronic signature. Hard copy Form 2's will not be accepted**
- D. Dual Participation – See National Rule #6D
In addition to the National Rule, for Regular Season Games, players will be ineligible to play in further regular season zone and non-zone games and the state tournament (all divisions), and must be immediately removed from their roster, if they miss more than 7 of their team's scheduled zone games for any of the reasons listed in the national rule – including playing baseball for another team, going to a baseball showcase, etc. Teams will be required to keep track of this in their own manner and sign a statement prior to the beginning of the State Tournament attesting to the eligibility of their players to participate. This certification will be subject to protest by the other State Tournament teams. Nothing in this rule is intended to make someone ineligible for, among other things, missing games due to injury, illness, work, vacation, or playing another sport

DURING THE STATE TOURNAMENT, PRIOR TO THE NATIONAL TOURNAMENT, A PLAYER WILL BE ALLOWED TO ATTEND A SHOWCASE EVENT OR OTHER BASEBALL RELATED ACTIVITY AND CONTINUE ELIGIBILITY IN THE STATE TOURNAMENT PROVIDED:

- A. HE DOES NOT MISS A GAME OR ANY PART OF A GAME. THE PLAYER MUST BE PRESENT IN UNIFORM AT LEAST ONE HALF HOUR PRIOR TO THE SCHEDULED START TIME.**
- B. HE HAS ADVANCE WRITTEN PERMISSION FROM HIS COACH**
- C. HE HAS SUBMITTED AN AMERICAN LEGION BASEBALL NATIONAL FORM 6 TO THE STATE DIRECTOR OR HIS DESIGNEE AND HAS RECEIVED APPROVAL PRIOR TO HIS ATTENDANCE AT THE EVENT.**

CLARIFICATION: Once the National Tournament begins the National Tournament rules are in affect and the state director cannot grant permission to attend a showcase event. **Attendance at such an event will make the player ineligible for the remainder of the Department, Regional and World Series tournaments.** However, a player attending a college orientation workout may be granted an exception on a case-by case basis. Players granted such an exception may not miss any game of a national tournament. Prior written approval is required.

E. Players Per Team – see National Rule #6E

Double Rostering with another American Legion Team in the same program – In addition to the National Rule:

1. For the regular season, teams may double-roster as many age eligible players as they wish with another team within their Legion program but they still must be in compliance with roster maximum limits at each level. Players will be able to participate in more than one level of the regular season and tournament subject to the following:
2. A position player that plays in more than 60% of their 19 & Under zone games or pitcher who pitches more than 25 innings in 19 & Under zone games, will not be eligible to play in the 17 & Under or 15 & Under State Tournament.
3. There will not be any similar restriction on playing time for a 17 & Under or 15 & Under player to play in the 19 & Under Tournament.
4. If a player starts in more than one 19 & Under State Tournament Game they will no longer be eligible to play in either the rest of the 17 & Under or 15 & Under regular season or State Tournaments.
5. The outside sponsored team also agrees to assume all financial responsibilities relative to the operation of American Legion Baseball including, but not limited to uniforms, baseballs, insurance and umpires. The admission of an outside sponsored team to the state program is always subject to the approval of the State Baseball Committee.
2. Should an existing outside-sponsored team wish to affiliate with an American Legion post or merge with an existing post-sponsored team, such merger or affiliation must be approved and coordinated by the State Baseball Committee. In no case will an outside-sponsored team in good standing, be required to merge or affiliate with a post-sponsored team, be replaced by a newly formed post-sponsored team, or be taken over by a post. Teams wanting to merge must adhere to the rules governing Combinations – see Rule 7.

Non-post sponsored teams report to The CT American Legion Baseball Committee as the controlling party when a team does not have a sponsoring Post. Posts are expected to not support another baseball organization in direct competition with a Connecticut American Legion Baseball Team.

Once each of these policies have been read and signed (electronic signature) a copy will be sent to the Program GM (or HC if so designated as the primary person to the state web master). Once completed the webmaster will show approval on the BGC spreadsheet. Following this process will eliminate the need to provide copies of the signed Coaches Code of Ethics and Risk Management policy to the zone chairman at document review time. Forms must be completed and approval noted before a team's first practice or game.
- d. Pre-Season Rosters –All teams must ensure their roster information (including name, birth year, high school graduation year, parent's home town) is correct in the state provided website prior to playing their first zone game. The information is automatically loaded via the MANDATORY on-line Form 2 process but must be validated by the program. All players must have an approved on-line, electronic signature Form 2 in place before they can be on the field. The Zone Chairman, or his designee, will be required to periodically review these "Website Rosters" for compliance. Players not listed on the website roster will be declared ineligible until the roster is completed or corrected. Any team playing someone not listed on their Website Roster, will forfeit that game for using an ineligible player.

All 17, 15, 13 must register using the CT Department Baseball Registration Form by Feb. 15. Zone Chairman must review a valid complete CT Player ID Card for returning players or review either original birth certificate or see a copy of a valid US Passport or Federally approved Drivers license along with a copy of the electronic Form 2 for all eligible players by June 21, 2024. - f. Upon submission of rosters to the zone chairmen (no later than **June 21, 2024**, each zone chairman shall inspect and validate the submitted rosters **for all age groups, whether registered Nationally or not** from his zone. Any player information that is found to be incomplete will result in a player ID not being printed. This will mean the player must provide the proper form of ID (Birth certificate, Passport, Fed ID Drivers license, etc) each year.

Important information to be included in submitted papers: home address of player's parents (National Forms #1 and #2); The player name on all forms must match their full legal name as it appears on their driver's license or other legal form of identification.
