

Open Letter to Parents and Guardians:

We are functioning at half speed. Our Sports program is powered by volunteers and maintained by its Board members. We greatly rely on the help of our staff members and volunteers to assist with the hands-on operation of the program. Sadly, there has been a continuous decrease of volunteers and staff members.

We have 24 teams, 3 sports programs, and well over 250 parents. Our CYO program is ranked in the top 10 best within the Brooklyn-Queens Diocese, yet we have a poor showing of parental involvement.

BEHIND THE SCENES

It takes about 18+ people to help host a full weekend of 14+ home basketball games. We struggle to do the work of 18+ with only 6 people. It takes about 8 people to help host a weekend of home volleyball games. Again, we struggle with having less than what is needed.

We are thankful and appreciative of all those who have volunteered over the past 51 years. However, we cannot continue to operate with a skeletal crew.

We need you! We all may not speak the same language or share the same faith but we do share the interest in your child's enthusiasm to learn and play a sport.

We are asking you to please consider stepping out of the spectator role and into the action of a front line volunteer or staff member this September.

Thank you for your consideration to volunteer with St. Pancras CYO. You may email your completed form to us at cyostpancras@gmail.com; drop it off to us in the kitchen or mail/drop off at rectory.

- ☐ I would like to join as a staff member
- ☐ I would like to join the cleaning crew
- ☐ I would like to volunteer on an "as-needed-basis"
