

## ERSC TEAM OPTIONS

In addition to the above, the ERSC does have other opportunities that may be available depending on individual coaches and what "extras" they may provide an opportunity for.

**Rec Plus:** Any player who is playing at the rec level may be eligible to participate in a "rec plus" practice and/ or "friendly" game experience. These practices and/or friendly scrimmages will be in ADDITION to the rec team practices and games that the player is already participating in and NOT in place of.

**Friendlies:** Games more of a scrimmage fashion that a coach may invite players from any intramural rec team to participate in and this would be in addition to rec team play and generally taking place at the u9 and u10 level and on Sundays and will take place at Kewadin, Cadillac, and Tbays and possibly at other locations. Ref fees may be involved and will be collected by the coach. This is in addition to the registration fee.

**Tournaments:** Any coach of u11 and older team may take his/her team to a tournament and will need to organize this and pay for this separate from club registration fees. If a coach of a rec team of u8 or u10 players wants to put together a team for tournaments, he/she may do so BUT needs to notify the Board of his/her intentions PRIOR to the skills assessment and use the skills assessment to evaluate players to participate on this team IN ADDITION to their own rec team.
