A Note From Boosters

The Booster organization's purpose is to support the coaches and bring an element of fun to the season. We support the whole women's soccer organization and are interested in developing great traditions and memories for your girls. One of our primary goals this year is to increase student attendance at the games. It is a wonderful experience to be able to play for your school. It is an even better experience to play for your school with your peers cheering you on! We support **all** of the teams and are invested in building up the entire program. We are always looking for new faces and ideas and would love **every** family to be involved.

Volunteer opportunities: Each team will need a team parent to help coordinate team events, share information, and act as a liaison between parents, boosters and coaches. Additionally each team will need a team photographer willing to take photos during some games to be featured on social media, our web page, and for the end of the year banquet slide show. There will be multiple opportunities for volunteering throughout the season for events such as the alumni breakfast, senior night, game day dinners, game programs, and concessions.

Please join us for our next booster meeting on November 19th at 7:00pm HHS room G105.

Huskies First!
