

ANCHORAGE SCHOOL DISTRICT
ANCHORAGE, ALASKA

RELEASE OF LIABILITY

The Anchorage School District (ASD) policy requires that students travel to and from school sponsored events via School District transportation. However, there are some instances that travel by personal vehicle occurs.

If you would like your son or daughter to travel to a school sponsored event by means other than school transportation, please complete this form below. Students who ride with other students to and from school sponsored events do so at their own risk. The ASD endeavors to obtain confirmation of insurance for private vehicle transportation; however, the ASD does not certify that private vehicles have adequate insurance coverage.

I, _____, give permission for _____,
(Parent/guardian) (Student Name)
a student at _____, to attend any sponsored event of his/her
(School)
choosing by means of private transportation. I release the ASD of all responsibility and liability during such travel. This release of liability is in effect for one year from the date indicated.
