

Perspective Donor,

The Arctic Heat Softball organization is seeking sponsors for the 2023-2024 season. Our ladies fastpitch softball organization is a nonprofit 501(c)3. We were founded in 1999 and our mission is to provide opportunities for our players to play softball at the collegiate level. Arctic Heat is a student athlete organization and encourages a strong presence in the classroom with a 3.2 GPA benchmark or higher.

Our organization has successfully placed over 100 young ladies from Alaska into scholarship programs to pursue their college degrees and play collegiate softball. This is accomplished by an environment that is positive, challenging, promotes self-confidence and the pursuit of excellence both on the playing field and in the classroom. In addition, the exposure from traveling to tournaments in the lower 48 is an essential part of our successful program for our players who are considering collegiate softball opportunities.

Your generous contribution will aid in our mission by helping offset the cost for facility practice rental, equipment and paying towards college clinics and tournament fees.

If you would like to donate to our organization, please make your check payable to Arctic Heat Softball, complete the enclosed sponsor application and mail to the address below. Your consideration and contribution are greatly appreciated and thank you for helping our young ladies meet their collegiate goals.
