During the week, game start time is 6:00 (later for games under the lights)– A forfeit may be declared by the umpire 15 minutes after scheduled game start. (Weekend games may have different start times: nature of the rule applies- 15 minute forfeit window)

It is strongly recommended that during ground rules the home coach writes the official start time into the book in front of the other coaches and witnessed by the umpire

The umpires should be empowered and educated to control the sportsmanship of the game so as ensure that purposeful delaying is not tolerated.

Code of Conduct:

All coaches, assistants, players and spectators involved in this program are expected to set a good example of sportsmanship and fair play to all UMPIRES, LEAGUE COMMISSIONERS, and OPPOSING TEAMS, COACHES, and PLAYERS. Abusive language or inappropriate conduct will NOT be tolerated.

Players who violate this policy will be ejected from the game.

Coaches who violate this policy will be removed from the game and a 2 game suspension (minimum) will be issued. Further, a team could forfeit the game in play at the umpire's discretion. Coaches will be brought before a league panel and suspension will be reviewed and discussed as to additional action to be taken. (Violations to be reported as delineated in section 3)

ASA RULES

All items are referenced according to their place in the rule book. POE refers to “Points of Emphasis”, which immediately follows the rules.

RULE 1. DEFINITIONS

APPEAL – POE

Dead ball appeal is used. As soon as the play has ended, the umpire will call time, and any infielder may verbally appeal by telling the umpire which runner and which base she is appealing.

CATCH

To be considered a catch, the release of the ball must be intentional and voluntary. If ball is dropped for any reason before the player throws the ball, this is not a catch! It doesn't matter how many steps she took.

FOUL TIP

The ball must not go higher than the batter's head and must go directly to catcher's hand or glove. If the ball first hits any part of the catcher's equipment or body other than her hand or glove, it is a foul ball and the ball is dead. With a foul tip, the ball remains live.

INFIELD FLY

- WHEN – Runners on 1st and 2nd, or bases loaded and LESS than 2 outs.

- WHAT – Batter is called out!
Runners may advance at their own risk. If the ball is caught, runner must tag up just like any other caught fly ball.

TRAPPED CATCH

If caught with the glove over the ball on the ground, it is not a catch until the glove is lifted off the ground with the ball firmly secured.

RULE 4. PLAYERS AND SUBSTITUTES

BLOOD RULE – Section 7, POE

Does not have to be an open wound. Dried blood on the uniform from a previous injury or game counts as blood.

RULE 5. THE GAME

CONFERENCES – Section 10, POE***

- Defensive: Three (3) per 7 inning game.
- Offensive: One (1) per inning between coach and each batter.
- It does not count as a conference if it occurs during the other team's charged conference and you are ready to play when that conference is over.

RULE 6. PITCHING REGULATIONS

BEFORE THE PITCH – ONE foot must be in contact with the pitcher's rubber.

DRAGGING THE PIVOT FOOT – Section 3 I

- The pivot foot may drag away from the rubber before the pitch is released, as long as it does not come up off the ground or re-plant and push off a second time.

WARM UP PITCHES – Section 9

- Three pitches, but "NOT MORE THAN ONE MINUTE MAY BE USED".
- If catcher is getting gear on, a coach or another player with a catcher's helmet should catch until she is ready
- The biggest delay in the game is waiting for the catcher to suit up. If there are 2 outs and the catcher is on deck, she should keep her shin guards on until she is going to bat. If on the bench, catcher should have her gear on when there are 2 outs instead of waiting until the end of the inning.

HIT BATTERS:

A pitcher does **not** have to be removed from an inning after 2 hit batters. However, the umpire and coaches can decide it would be in the best interest of the pitcher (hitting a

batter can be traumatic for them) and safety of the batter for the pitcher to be removed.

SPEED UP RULE:

Courtesy runner **MUST** be used when the catcher reaches first base safe, and there are two (2) outs. Pinch runner will be your last batted out.

RULE 7. BATTING (Exception to ASA) League Rule

Everyone bats. Free substitutions in the field. All players are on the batting roster, with late arrivals added to the bottom upon arrival. Batting stays the same throughout the game. Any player removed from the line up before end of the game is skipped in the lineup. It is not an out. CHECKING SIGNS WITH BASE COACH – Section 3 C

- The batter may not step out of the box after every pitch to get the sign from the base coach. Read this rule for exceptions.

RULE 8. BATTER – RUNNER & RUNNER

DROPPED THIRD STRIKE- SECTION 1b (ALSO RULE 7-SECTION 6L)

- When- Less than 2 outs and 1st base is un-occupied, or any time there are 2 outs
- What- Same as a batted ball/batter becomes batter-runner and must be tagged or put out at 1st base.

BALL RETURNED TO PITCHER WITHIN 8' CIRCLE – Section 8U

- Returning the ball to the pitcher forces the runner(s) to immediately return to the last base touched or proceed to the next base. Runners may not stand still between bases or move back and forth unless the pitcher throws the ball, fakes a throw, or leaves the 8' circle.
- If the runner does not commit to a base when the ball is returned to the 8' circle and hangs out between the bases - runner will be called out.

RULE 9. PROTESTS – ASA Rule 9, Section 1-7

- WHEN – You must notify the umpire before the next pitch
- WHAT – Only a misinterpretation or misapplication of the rules may be protested. Anything involving umpire's judgment (even if you don't like it) is not subject to protest.
- ACTION – If you end up winning the game – no protest!!! If you lose, protesting COACH should contact League President. Contact info on website

INTERFERENCE, OBSTRUCTION & COLLISIONS – Point of Emphasis

Whenever a base runner and a fielder crash into each other, it is always one of the above. POE has detailed and easily understood explanations of interference and obstruction. However, it

is important to understand that there are times when two players collide, sometimes hard, and it is neither interference nor obstruction. It is just a collision and there is NO penalty.

TIME OUT – Coaches/players request time – Umpires grant time!!!

Rules for use of the Double First Base

-Set the base with white portion in fair territory, and orange portion in foul territory. ASA

Rule 8 Section 2 Article M

1. When a play is being made on a batter-runner, defense MUST use the WHITE portion of the base. Batter-runner MUST use ORANGE portion of the base. If the batter-runner touches only white portion of the base she will be declared safe UNLESS the defense appeals prior to the batter-runner returning to base. Once the runner returns to the white, no appeal can be made. (The easy way is to tag the runner before she returns to the base.)
2. On any force out attempt from the foul side of first base, or an errant throw pulling the fielder off the base into foul ground, the fielder and the batter-runner may use either portion of the base.
3. When there is no play being made at the double base, the runner may touch either portion of the base.
4. On an attempted pick off play, the runner must return to the WHITE portion of the base.
5. If the batter-runner touches only the white portion of the base and collides with the fielder about to catch a thrown ball while on the white, INTERFERENCE is ruled. Ball is dead, runner is out, and all other runners must return to the base last occupied at the interference.

The game should be scheduled on the **first day** of the window and only moved to the second day due to an unforeseen scheduling conflict with the school and/or bad weather.
