

8/15 Agenda:

1. If outfielders are prohibited from playing in the infield; should infielders be prohibited from playing in the outfield to augment the coverage?
No – Stay status quo
2. I think we should have a luncheon, maybe October, to reward players for playing this summer. Further, I think we should invite our sponsors to attend to thank them for their support (limit 2 people). Remember we will be asking them for money in November. Manager
Set for Thursday 10/3 – Bryan to coordinate with VFW – Doc will invite all sponsors Tom will send Doc list
3. Managers can issue a warning to their player or, after notifying the opposing manager, to an opposing player; i.e., continuing flat pitches.
For fall – Tom to rework the verbiage and share for the next Managers' Meeting
4. We have to be aware of COVID. **Tom will put on web – Sick Stay Home**
5. If a team needs a pool player(s) the opposing team is awarded a run for each player taken (net).
No – Stay status quo
6. It has been proposed that we rotate managers every season. There would be a waiting list established for those who want to be managers.
 - A. Suggestion was to have the most senior manager be replaced by one on a waiting list and the current manager would go on the waiting list.
 - B. Suggestion that we ask for volunteers and they would be placed a waiting list.**No – Stay status quo**
7. Do we want to reinstate team standings?
No – Stay status quo
8. Tom/Craig will explain the county's new field rent policy.
County will bill based on \$6 per hour per field. No charge for Monday Practice. Bill be sent monthly and pay monthly. A slight increase over what we have paid in past. Rain outs and when County closes the field, we do not get billed. Craig to reconnect and see if we can get a break for the second field.
