

Captain / umpire challenge rule

The captains of each team can challenge a call by an umpire. Captains from both teams have to convene with the two umpires. Discuss the play on what was seen by both sides. If after the discussion takes place and an umpire does not change the call then the call the original umpire made stands. There is to be no arguments whatsoever after the final meeting with the umpires and the decision is made. Any arguing, individuals could receive disciplines and or suspension.
