

The Sparkman High School Softball program is currently seeking fundraising to help with team travel and meal expenses, facility enhancements to the Sparkman Softball Field, including a new scoreboard and artificial turf. Additionally, the coaching staff is constantly researching the best training and development tools used by softball programs around the world. Staying on the cutting edge of technology will give our athletes the best chance to compete for a State Championship every year.

Each day at Sparkman, we hold the rope for each other, building relationships based on discipline, trust, and hard work. We show up for each other, whether it's in the weight rooms, skill development workouts, or games. Each team member knows we always have each other's support.

You too can be a key part of that support system! Annual contributions and generous gifts to the SHS Softball team make it possible for our student-athletes to compete at the highest levels in academics, athletics, and in the community.

Thank you for holding the rope. Your gift makes an impact, and you are appreciated!
