Re: Consumption of Alcohol in or on Town Property

This is a general reminder that:

There is a Zero Tolerance policy for the consumption of alcohol in areas other than those licensed under a special occasion permit.

Should any person with the renting group be found with alcohol in any part of a Town facility, **including but not limited to parking lot, ball diamond, soccer pitch, rink surface, equipment/dressing/meeting rooms**, not licensed for such use the person or team may automatically forfeit their bookings for the season.

Please note that any evidence of alcohol consumed by your group during your time at the Town Facility will result in your group being suspended and could become a police matter. Please remind your coaches, players, parents, trainers, etc.

Your cooperation is appreciated.

Sincerely,

Patricia

Thursday April 28 2022

I spoke to the current Facilities Director, Luke Boric, and he confirmed that this policy is still in effect.
