“FOCUS, EFFORT & ATTITUDE”

- **The will to win is meaningless without the will to prepare!**
- **Winning is not like a light bulb. You can't just switch it on when you need it.**
- **You can't practice at 60% and expect to operate at 100%.**
- **Always look to gain an edge on your competition. When they sleep YOU WORK! When they give little effort, YOU GIVE A LOT MORE! When they complain, YOU KEEP YOUR MOUTH CLOSED AND GRIND MORE! When they ask for help from you....YOU SMILE AND SAY LET'S GET TO THE TOP TOGETHER! #LEADERSHIP**
